Good Neighbours

William Albery

Good Neighbours:

The Last Good Neighbor Eric Zolov,2020-05-08 In The Last Good Neighbor Eric Zolov presents a revisionist account of Mexican domestic politics and international relations during the long 1960s tracing how Mexico emerged from the shadow of FDR s Good Neighbor policy to become a geopolitical player in its own right during the Cold War Zolov shows how President Adolfo Lopez Mateos 1958-1964 leveraged Mexico s historical ties with the United States while harnessing the left s passionate calls for solidarity with developing nations in a bold attempt to alter the course of global politics During this period Mexico forged relationships with the Soviet Bloc took positions at odds with US interests and entered the scene of Third World internationalism Drawing on archival research from Mexico the United States and Britain Zolov gives a broad perspective on the multitudinous transnational forces that shaped Mexican political culture in ways that challenge standard histories of the period
