*Friedrich Nietzsche* H.L. Mencken, 2017-07-12 The decisive influence of Friedrich Nietzsche on H L Mencken is readily acknowledged in the vast literature on the great American journalist and social critic However Mencken s 1908 study of the philosopher has been relegated to footnote status by Mencken s critics and biographers and has been largely ignored by Nietzsche scholars There are good reasons for reversing this judgment Mencken s work was one of the first comprehensive and sympathetic treatments of Nietzsche s thought in the English language It is a provocative engagement with the German philosopher s complex and elusive ideas enhanced by a style that reverberates with a verve and dynamism approaching Nietzsche s own Mencken presents a view of Nietzsche that elucidates the latter s complex and contentious form of the gospel of individualism while evincing a keen appreciation of his unrivalled capacity for critical analysis The historical scope of Nietzsche s thought is fully evident in Mencken s analysis as is its application to modern societies and politics In tracing the biographical and intellectual impetus for Nietzsche s relentless attacks on conventional moralities and established modes of thought Mencken discerned both an ideal and a method for grappling with social and cultural issues that remain salient in our own time
