Groupware Proceedings:

Groupware: Design, Implementation, and Use , *Seventh International Workshop on Groupware* Marcos Roberto da Silva Borges, Jörg M. Haake, Ulrich Hoppe, 2002 **Proceedings** , 2003 Groupware: Design, Implementation, and Use Jesus Favela, Dominique Decouchant, 2003-10-02 This volume constitutes the proceedings of the 9th International Workshop on Groupware CRIWG 2003 The conference was held in the city of Autrans on the spectacular Vercors plateau in the foothills of the French Alps The organizing committee could not have thought of a better setting to inspire lively discussions and reaction on open issues facing the field of groupware The CRIWG workshops have been motivated by advances in Computer Supported Cooperative Work and by the need for CSCW to meet the challenges of new application areas With this ninth meeting CRIWG aimed to provide a forum for academic researchers and professionals to exchange their experiences and ideas about problems and solutions related to the design development and use of groupware applications The selection of papers followed a strict refereeing process by a renowned international committee We received 84 contributions with first authors from 21 different countries from which 30 papers were selected to be presented and published in this proceedings volume The papers in these proceedings include 18 long papers presenting mature work and 12 short papers describing promising work in progress in the field We thank all members of the Program Committee for their valuable reviews of the papers In addition we were pleased to have as invited speaker Prof Saul Greenberg from the University of Calgary in Canada a renowned specialist in Groupware and HCI An extended abstract of his lecture is included in these proceedings

Metainformatics David L. Hicks, 2004-05-14 This volume contains the national proceedings of the MetaInformatics Symposium 2003 MIS 2003 The event was held September 17-20 on the campus of the Graz University of Technology in Graz Austria As with previous events in the MIS series MIS 2003 brought together researchers and practitioners from a wide variety of fields to discuss a broad range of topics and ideas related to the field of computer science The contributions that were accepted to and presented at the symposium are of a wide variety

They range from theoretical considerations of important metainformatics related questions and issues to practical descriptions of approaches and systems that offer assistance in their resolution I hope you will find the papers contained in this volume as interesting as the other members of the program committee and I have These proceedings would not have been possible without the help and assistance of many people In particular I would like to acknowledge the assistance of Springer Verlag in Heidelberg Germany especially Anna Kramer the computer science editor and Alfred Hofmann the executive editor for the LNCS series **GroupWare '93 Europe Conference Proceedings** David D. Conference Proceedings ,1991 Computer Supported Cooperative Work in Design I Weiming Shen,Zongkai

Lin,Jean-Paul A. Barthès,Tangqiu Li,2005-11-04 The design of complex artifacts and systems requires the cooperation of multidisciplinary design teams using multiple commercial and non commercial engineering tools such as CAD tools modeling simulation and optimization software engineering databases and knowledge based systems Individuals or individual groups of multidisciplinary design teams usually work in parallel and separately with various engineering tools which are located on different sites often for quite a long time At any moment individual members may be working on different versions of a design or viewing the design from various perspectives at different levels of detail In order to meet these requirements it is necessary to have effective and efficient collaborative design environments These environments should not only automate individual tasks in the manner of traditional computer aided engineering tools but also enable individual members to share information collaborate and coordinate their activities within the context of a design project CSCW computer supported cooperative work in design is concerned with the development of such environments **IEEE TENCON 2003** ,2003
