Elect In The Son:

Elect in the Son Robert Shank, 1970 Through the years I have read carefully every serious work on the question of election I found no work that addressed itself to the question in this thorough objective competent manner or afforded such satisfactory obviously Biblical constructions I have every confidence that time will prove this to be the definitive work on the difficult question of election from the Introduction by Dr William W Adams of the Southern Baptist Theological Seminary In this comprehensive treatment of all pertinent Scripture passages dealing with election Dr Shank demonstrates that Calvin s doctrine of the unconditional election and the reprobation of particular people is without foundation in the Scriptures He challenges the use of certain proof passages and shows that their application in this manner requires circumventing some of the most explicitly categorical affirmations of Scripture Dr Shank demonstrates that the election of grace does not rule out the salvation of any man that God truly wills all men to be saved Amazon com T&T Clark Handbook of Election Edwin Chr. van Driel, 2023-11-16 Offering not only state of the art introductions from Biblical historical and constructive theologians this volume also fosters an inter disciplinary and cross confessional conversation reclaiming the idea of election as a central notion for any retelling of the biblical narrative Several essays explore the variety of ways in which election is spoken about in the Scripture drawing on research from the last twenty years that offers a more sophisticated framework than the traditionally theological categories of elect and reject The historical part of the volume covers new analyses of Medieval and post Reformation Catholic and Protestant debates on predestination while the book s constructive part contributes to contemporary conversations on the relationship between Trinity Christology and election the development of a post supersessionist understanding of Israel s chosenness as well as voices from contextual struggles in South America Palestine and South Africa **Diatessarica** Edwin Abbott Abbott, 1914 *Who is this son of man?* Larry W. Hurtado, Paul L. Owen, 2011-03-17 This book is the first ever collection of scholarly essays in English devoted specifically to the theme of the expression son of man It describes the major competing theories which have addressed questions such as What is the original Aramaic expression which lies behind the Greek phrase and what was its original connotation How do the gospel writers use the expression son of man Is it a Christological title pregnant with meaning much like the titles son of God Christ Messiah and son of David Is it used as a way of designating Jesus as a human being of unique redemptive significance Or does it rather originate in a nuanced use obscured in Greek translation of an Aramaic expression used in place of the first person pronoun as an indefinite pronoun or for generic statements about human beings Larry Hurtado and Paul Owen have brought together contributing scholars on the basis of their expertise in Aramaic historical Jesus research the son of man debate itself and related fields of research **Commentaries Upon the Apostles' Creed** Thomas Jackson, 1899 Tongues of Fire Frank D. Macchia, 2023-03-28 In this volume Frank Macchia offers a systematic theology written with Christ s outpouring of the Holy Spirit from the heavenly Father at Pentecost as its dominant motif Christ s death and resurrection provide for our

reconciliation with God and make way for the Spirit for the divine overflowing onto all flesh The church is born in the grace of that overflowing From the abundance of this divine self giving spring forth many different tongues aflame with the church's praise and witness This systematic theology seeks to join and further guide these tongues in their diverse contexts by reflecting in a coherent fashion across the spectrum of Christian doctrine The first three chapters offer an extensive treatment of modern approaches to theology Subsequent chapters explore all of the major topics of importance to theology historically This is theology written from a Pentecostal interest yet seeking to speak beyond it to a larger ecumenical horizon

Origines Islandicae Guðbrandur Vigfússon, Frederick York Powell, 1905 **Diatessarica (a series dealing with the interpretation of the Gospels). 10 pt. [with] Indices** Edwin Abbott Abbott, 1914 **Engaging the Doctrine of Jesus (and Mary)** Matthew Levering, 2025-03-10 The six chapters of this book focus upon Jesus' conception and birth from a virgin, his authoritative teaching, his miracles, his cross, his resurrection, and his ascension. The purpose of the book is to articulate and defend the truth of these salvific mysteries as presented to us in Scripture. In addition to conversing extensively with historical-critical biblical scholarship, the chapters make recourse to the theological tradition from the church fathers onward with Thomas Aquinas as a touchstone. Levering seeks to make a case for believing in Jesus. At the same time, he shows how each of these mysteries is intimately linked with a truth about Mary, the Mother of Jesus, thus arguing for the integral relationship of Christology and Mariology. Mary enacts the reception of the Lord by God's faithful people, the New Adam never chooses to be without the New Eve in God's new covenant family. The Christology offered in this book is therefore both attuned to historical studies of Jesus and Second Temple Judaism and at the same time deeply traditional in a contemporary Catholic and ecumenical way. *The American Hereford Record and Hereford Herd Book* American Hereford Cattle Breeders' Association, 1921 Brief history of Hereford cattle v 1 p 359-375 **Spink & Son's Monthly Numismatic Circular**, 1904 **American Hereford Record and Hereford Herd Book** American Hereford Cattle Breeders' Association, 1920 **The Error of Modern Missouri** George H.
