

HEALTH CARE POLICY

INTRODUCTION

A health policy generally describes fundamental principles regarding which health providers are expected to make value decisions. HEALTH POLICY provides a broad frame work of decisions for guiding health action that are useful to its community in improving their health , reducing the gap between the health status of have and have-nots and ultimately contributes to the quality of life.

DEFINITION

Health policy can be defined as the decisions plans and action that are under taken to achieve specific health care goals with in the society.

NEED FOR HEALTH POLICY IN INDIA

The constitution of India aims to eliminate poverty, ignorance and ill health and directs the state to raise the public health status of its people and their quality of life as its prime responsibility. The successive 5 year plan and various committees set by Govt of India helped in providing frame work and directions to health development prior to making National health policy 1983.

URGENCY FOR A NATIONAL HEALTH POLICY

Having committed to the goals of HFA by the year 2000 AD through primary health care approach , it became imperative to consider regarding complete restructuring of the existing systems of health care delivery and education and training of the health personnel. Further taking into consideration, the varieties of inputs to the health , the need for complete integration of all the plan for health and human development with overall process of national development was recognized. Necessitated a closer collaboration with health related sectors , particularly pharmaceuticals food and agriculture rural development, education, social welfare , water supply, sanitation and preservation of the environment.

To achieve the goals of the revised 20 points program on a long term basis , it also became essential that the nation evolves a clear cut health policy of its own, so that the problem of haves and have-nots could be resolved in matters of health which is very basic to the human development and ultimately contributes to the productivity
