

8. Select the best answer.

President \_\_\_\_\_ established the spoils system to reward followers.

George Washington

Andrew Jackson

John Kennedy

James Polk

# Election Andrew Jackson

**Robert Vincent Remini (Historiker,  
USA)**

## **Election Andrew Jackson:**

**Vindicating Andrew Jackson** Donald B. Cole, 2009-09-10 The presidential election of 1828 is one of the most compelling stories in American history Andrew Jackson hero of the Battle of New Orleans and man of the people bounced back from his controversial loss four years earlier to unseat John Quincy Adams in a campaign notorious for its mudslinging With his victory the torch was effectively passed from the founding fathers to the people This study of Jackson s election separates myth from reality to explain why it had such an impact on present day American politics Featuring parades and public participation to a greater degree than had previously been seen the campaign itself first centered on two key policy issues tariffs and republicanism But as Donald Cole shows the major theme turned out to be what Adams scornfully called electioneering the rise of mass political parties and the origins of a two party system built from the top down whose leaders were willing to spend unprecedented time and money to achieve victory Cole s innovative study examines the election at the local and state as well as the national levels focusing on New Hampshire New York Pennsylvania Ohio Kentucky and Virginia to provide a social economic and political cross section of 1828 America He describes how the Jacksonians were better organized paid more attention to detail and recruited a broader range of workers especially state level party leaders and newspaper editors who were invaluable for raising funds publicizing party dogma and smearing the opposition The Jacksonians also outdid the Adams supporters in zealotry violence of language and the overwhelming force of their campaigning and succeeded in painting their opponents as aristocratic class conscious and undemocratic Tracing interpretations of this election from James Parton s classic 1860 biography of Jackson to recent revisionist accounts attacking Old Hickory for his undemocratic treatment of blacks Indians and women Cole argues that this famous election did not really bring democracy to America as touted because it was democracy that enabled Jackson to win By offering a more charismatic candidate a more vigorous campaign a more acceptable recipe for preserving the past and a more forthright acceptance of a new political system Jackson s Democrats dominated an election in which campaigning outweighed issues and presaged the presidential election of 2008

**The Election of Andrew Jackson** Robert Vincent Remini, 1963 The bitter election campaign that evolved modern party machinery and organized mass propaganda methods *The Birth of Modern Politics* Lynn H. Parsons, 2009 Presents a detailed analysis of the 1828 presidential campaign between southwestern frontiersman Andrew Jackson and New England aristocrat John Quincy Adams that officially established a pattern in which two nationally organized political parties would vie for power against one another

**The Election of 1828 and the Administration of Andrew Jackson** Arthur Meier Schlesinger (Jr.), Fred L. Israel, David J. Frent, 2003 Discusses the presidential election of 1828 and the subsequent administration of Andrew Jackson based on source documents *The Election of Andrew Jackson* Robert Vincent Remini (Historiker, USA), 1963

**The One-Party Presidential Contest** Donald Ratcliffe, 2021-01-09 The election of 1824 is commonly viewed as a mildly interesting contest involving several colorful personalities John Quincy

Adams Andrew Jackson Henry Clay John C Calhoun and William H Crawford that established Old Hickory as the people's choice and yet through bargain and corruption deprived him of the presidency In *The One Party Presidential Contest* Donald Ratcliffe reveals that Jackson was not the most popular candidate and the corrupt bargaining was a myth The election saw the final disruption of both the dominant Democratic Republican Party and the dying Federalist Party and the creation of new political formations that would slowly evolve into the Democratic and National Republicans later Whig Parties thus bringing about arguably the greatest voter realignment in US history Bringing to bear over 35 years of research Ratcliffe describes how loyal Democratic Republicans tried to control the election but failed as five of their party colleagues persisted in competing in novel ways until the contest had to be decided in the House of Representatives Initially a struggle between personalities the election evolved into a fight to control future policy with large consequences for future presidential politics *The One Party Presidential Contest* offers a nuanced account of the proceedings one that balances the undisciplined conflict of personal ambitions with the issues principles and prejudices that swirled around the election In this book we clearly see perhaps for the first time how the election of 1824 revealed fracture lines within the young republic and created others that would forever change the course of American politics

**The Rise of Andrew Jackson** David S Heidler, Jeanne T. Heidler, 2018-10-23 The story of Andrew Jackson's improbable ascent to the White House centered on the handlers and propagandists who made it possible Andrew Jackson was volatile and prone to violence and well into his forties his sole claim on the public's affections derived from his victory in a thirty minute battle at New Orleans in early 1815 Yet those in his immediate circle believed he was a great man who should be president of the United States Jackson's election in 1828 is usually viewed as a result of the expansion of democracy Historians David and Jeanne Heidler argue that he actually owed his victory to his closest supporters who wrote hagiographies of him founded newspapers to savage his enemies and built a political network that was always on message In transforming a difficult man into a paragon of republican virtue the Jacksonites exploded the old order and created a mode of electioneering that has been mimicked ever since

**The Coming of Democracy** Mark R. Cheatham, 2018-08 In *The Coming of Democracy* Mark R Cheatham examines the evolution of presidential campaigning from 1824 to 1840 Addressing the roots of early republic cultural politics from campaign biographies to songs political cartoons and public correspondence between candidates and voters Cheatham asks the reader to consider why such informal political expressions increased so dramatically during the Jacksonian period What sounded and looked like mere entertainment he argues held important political meaning The extraordinary voter participation rate over 80 percent in the 1840 presidential election indicated that both substantive issues and cultural politics drew Americans into the presidential selection process Publisher's description [Election of Andrew Jackson](#) Robert Remini, 1980 *A History of United States Presidential Elections - Book 2* Paul R. Wonnig, 2021-08-05 The issue of slavery loomed ever larger in American politics as the middle of the Nineteenth Century passed The Republican Party birthed to destroy the institution

inaugurated its first candidate in 1856 Four years later Abraham Lincoln gained the nomination The Democratic Party committed to preserving and expanding slavery nominated Stephen A Douglas Abraham Lincoln won the presidency casting the nation into a bloody civil war Abraham Lincoln s issuance of the Emancipation Proclamation did not end slavery but it led to its demise at war s end A History of United States Presidential Elections Book 2 covers the critical pre Civil War years from 1856 until 1865 republican party Abraham Lincoln civil war politics parties emancipation proclamation end slavery **An Address to the People of the United States, on the Subject of the Presidential Election** ,1828 *Andrew Jackson and the Rise of the Democrats* Mark R. Cheatham,2015-03-10 This illuminating overview explains political parties in the early 19th century comparing and contrasting that era with the modern day political climate In this chronological examination of the Democratic Party s origins award winning author Mark R Cheatham traces the development of both the Democratic Party and the second American party system from its roots in the Jeffersonian Republicans in the 1790s to its maturation during Andrew Jackson s presidency in the 1830s The book explores the concept of politics and its effects on the national government of the early American republic This historical reference is filled with fascinating facts and anecdotes about 19th century politics in the United States most notably how Martin Van Buren acted as the architect of the Democratic Party what factors contributed to the Democrats rise to power and how the Bank War created the second American party system pitting the Democrats against Whigs Content features key political writings from the period portraits and political cartoons of the time and a helpful chronology detailing influential events [An Address to the people of the United States, on the subject of the presidential election; comprising a comparative view of the character and administration of Andrew Jackson. By a Freeman of the United States Andrew Jackson,1832](#) [Andrew Jackson](#) Amos Kiewe,2024-01-12 Andrew Jackson s presidency and legacy have been the subject of much study His career and life particularly his actions as America s seventh president still reverberate in our culture today Yet Amos Kiewe mounts a groundbreaking intervention into Jackson studies by focusing his critical lens on a little studied aspect of the populist leader s 1830 31 campaign and subsequent presidency his creative use of the press Jackson was a force for reinvention cannily directing his speeches like no previous candidate to the public at large and garnering unprecedented newspaper coverage throughout his campaign and time in office By focusing on public addresses Kiewe is able to trace Jackson s rhetorical political maneuvering through his early campaign and the major trials of his presidency With nuance and deep examination of Jackson s rhetoric Kiewe dispels the myth that Jackson was not an articulate writer thereby clarifying historical perceptions of his presidency and relationship to the public at large Tracing Jackson s initial plans for the presidency through his campaign and early time in office Kiewe sheds light on Jackson s ambitions viewpoints and strategies and deepens the scholarship on the Tennessee soldier and statesman Andrew Jackson A Rhetorical Portrayal of Presidential Leadership offers significant insight into one of America s most famous and infamous presidents and adds new and critical information to the study of rhetoric and politics in the United States Amos

Kiewe is a professor and chair of the Department of Communication and Rhetorical Studies at Syracuse University He is the author or editor of seven books including most recently *Confronting Anti-Semitism: Seeking an End to Hateful Rhetoric and FDR's First Fireside Chat: Public Confidence and the Banking Crisis 1812-1800* John Thomas Scharf, 1879

**Presidents and Presidencies in American History** Jolyon P. Girard, 2019-10-07 This innovative encyclopedia explores the life and times of America's forty-five presidents from the first administration to that of Donald Trump. Forty-five men have served as President of the United States since George Washington swore the oath of office in 1789 in New York City. Some have proved exceptional leaders and others have not. Some have faced serious crises, both foreign and domestic. Franklin Roosevelt was elected to four terms, leading the country through a major economic depression and a world war, while one held the office for only a single month. Each, however, played a key role in the evolution of United States history. Each of their histories therefore remains a critical civics lesson to consider. This four-volume encyclopedia provides an expansive analysis of the life and times of each United States president in chronological order, from George Washington to Donald Trump. Each chapter includes a timeline, a biographical sketch, a historical overview, and an analytical essay concerning the president and his presidency. Each also includes a substantial selection of related primary documents, presenting important presidential speeches and correspondence. A suggested reading list for further study of each president rounds out each entry.

Historical Dictionary of the U.S. Presidency Richard S. Conley, 2015-12-14 This book covers the development of the presidential office within the context of constitutional interpretations of presidential power and socio-political and economic developments, as well as foreign affairs events from 1789 to 2015. It provides details on the men who have held the office and biographies of vice-presidents, unsuccessful candidates for the office, and noteworthy Supreme Court and other appointees. The *Historical Dictionary of the U.S. Presidency* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on the development of the institution of the presidency and details the personalities, domestic and foreign policy governing contexts, elections, party dynamics, and significant events that have shaped the office from the Founding to the present day. This book is an excellent resource for students, researchers, and anyone wanting to know more about the U.S. Presidency.

**America's First Ladies** Nancy Hendricks, 2015-10-13 Meet the First Ladies of the United States, sometimes inspiring, sometimes tragic, always fascinating women who, though often unsung, helped hold the nation together in its infancy and advance it as a world power. More than simply serving as America's hostesses, many of the nation's First Ladies played vital roles in shaping their husband's presidency and serving as political activists in their own right. From Martha Washington to Michelle Obama, their inspiring stories come alive in this handsomely illustrated encyclopedia. Within its pages, the First Ladies are revealed as human beings who one day awoke to find the eyes of the world upon them. The book differs from others by showcasing America's First Ladies in their own words as flesh and blood individuals. Readers will discover which First Lady held off Napoleon's army with a toy sword, why women had to be

pale frail and ailing and which First Lady was called Sunshine and which was Hellcat Each entry includes a biographical essay that details the life of the woman and places her within the political social and cultural context of her time Each also offers a related primary document that helps define the First Lady s legacy as well as a short bibliography for further information Written in a lively compelling style this highly readable volume is perfect for junior high high school and college students as well as the general public

**America's Founding Son** Bob Crawford,2026-03-10 An accessible and entertaining biography of our nation s greatest public servant and original political maverick John Quincy Adams from the bassist of the Grammy nominated band the Avett Brothers During the tumultuous period between the era of the Founding Fathers and the disunion of the Civil War John Quincy Adams was the man standing in the breach After an unsuccessful presidential reelection campaign he was left reckoning with his political legacy But Adams would be dragged back into the fray in ways he never expected pitting him against the slavocracy and Southern congressmen and solidifying him as a key ally to the antislavery cause America s Founding Son tells the tale of Adams s turbulent government career and his evolving views on slavery Adams along with lesser known abolitionists Benjamin Lundy and Theodore Weld found himself at the center of the coalition that leveled the first blow against slave power in the United States The battles they fought would be foundational in the push for emancipation to follow An entertaining deep dive into an under explored period in American history America s Founding Son shows how John Quincy Adams and the grassroots activism of the 1830s and 40s shifted American politics forever

**The Nation: Its Rulers and Institutions; Or, Outlines of the Government** Anson Willis,1871
