a more complete christology and a sapiential theology of experience He then discusses Merton s poetry describing the poet s ontological concerns in terms of a paradise consciousness To illustrate Merton s encounter with the inner self of others Kilcourse examines Merton s criticism of Pasternak Camus and Faulkner Finally Kilcourse explores how Merton s efforts at Western monastic renewal and the dialogue with the Asian spiritual traditions converged during his final years clarifying his christological understandings and further validating the kenotic patterns of Merton s mature work Ace of Freedoms will draw readers back to Merton s prose journals letters and especially his poetry in these works they will discover what influenced his spirituality and how it has garnered a unique staying power for today
