A note from the publisher

In order to provide our students with high quality revision for their science and science applications, we have brought a team of science teachers working together to produce a revision guide for the specification of the combined science course. It is intended to be used by students before the development of subject GCSE teaching and learning in preparation for their examinations.

Teachers should refer to their own syllabus or specification for information on assessment, the content of the specification and the resources available. It is not intended to be used as a replacement for the teaching or delivery of a subject course.

Notes and references have been added where to assist their access to the specification and the resources.

For the full range of Pearson revision titles across GCSE, AQA, OCR, Edexcel, IB, AS/A Level and BTEC visit www.pearsonschools.co.uk/revise
