**The Linguist** ,1994      *Script Effects as the Hidden Drive of the Mind, Cognition, and Culture* Hye K. Pae,2020-10-14 This open access volume reveals the hidden power of the script we read in and how it shapes and drives our minds ways of thinking and cultures Expanding on the Linguistic Relativity Hypothesis i e the idea that language affects the way we think this volume proposes the Script Relativity

Hypothesis i e the idea that the script in which we read affects the way we think by offering a unique perspective on the effect of script alphabets morphosyllabaries or multi scripts on our attention perception and problem solving Once we become literate fundamental changes occur in our brain circuitry to accommodate the new demand for resources The powerful effects of literacy have been demonstrated by research on literate versus illiterate individuals as well as cross scriptal transfer indicating that literate brain networks function differently depending on the script being read This book identifies the locus of differences between the Chinese Japanese and Koreans and between the East and the West as the neural underpinnings of literacy To support the Script Relativity Hypothesis it reviews a vast corpus of empirical studies including anthropological accounts of human civilization social psychology cognitive psychology neuropsychology applied linguistics second language studies and cross cultural communication It also discusses the impact of reading from screens in the digital age as well as the impact of bi script or multi script use which is a growing trend around the globe As a result our minds ways of thinking and cultures are now growing closer together not farther apart

**American Book Publishing Record** ,1990 **Words on Cassette** ,2000 Case Studies in Foreign Language Placement Thom Hudson,Martyn Clark,2008 Although most language programs make placement decisions on the basis of placement tests there is surprisingly little published about different contexts and systems of placement testing The present volume contains case studies of placement programs in foreign language programs at the tertiary level across the United States The different programs span the spectrum from large programs servicing hundreds of students annually to small language programs with very few students The contributions to this volume address such issues as how the size of the program presence or absence of heritage learners and population changes affect language placement decisions

Car ,1902 **Second Language Teaching and Learning through Virtual Exchange** Shannon M. Hilliker,2022-02-21 Virtual exchanges provide language learners with a unique opportunity to develop their target language skills support inter cultural exchange and afford teacher candidates space to hone their teaching craft The research presented in this volume investigates the role of virtual exchanges as both a teaching tool to support second language acquisition and a space for second language development Practitioners obtain guidance on the different types of exchanges that currently exist and on the outcome of those exchanges so that they can make informed decisions on whether to include this type of program in their language teaching and learning classrooms To this end this edited volume contains chapters that describe individual virtual exchanges along with results of research done on each exchange to show how the exchange supported specific second language teaching and learning goals
