Raymond L. Bridgman

God In Political Life:

In God We Trust? Corwin E. Smidt, 2001 Explores the relationship between religion and American politics God in Political Life Raymond L. Bridgman, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work *Medieval Catholic Political Philosophy* Michael J. Sweeney, Timothy Sean Quinn, 2026-01-08 While there have been studies of these individual figures or generic histories of their contributions no volume offers an analytic commentary on their principal writings Most works that address this period treat it either as an historical artifact or attempt to assimilate it to contemporary issues in social thought Few consider seriously the alternative represented by Augustine The goal of this volume is to present the principal works of these authors for reconsideration by contemporary readers in order to urge an encounter with the originality of their contribution to political philosophy *Mexico in Transition, from the Power of Political Romanism to Civil and Religious Liberty* William Butler, 1892 **Kingdom Politics** Tony Evans, 2022-07-05 Christians love to talk about politics but the current conversation is full of contentious words that divide our churches and families Dr Tony Evans takes a step back to find foundational Bible principles for integrating politics into our daily lives He challenges readers to incorporate all of Scripture when addressing divisive issues forcing us to look at political issues we've neglected Learn to speak with grace when you disagree with family and friends Maintain your political affiliations without causing divisions in your church Take sides on moral issues while demonstrating the compassion and love of Jesus Christ Kingdom Politics offers a biblical path through one of the most divisive issues of our time The Nation: the Foundations of Civil Order and Political Life in the United States Elisha Mulford, 1877 **The Master Idea** Raymond Landon Bridgman, 1899 **Political Church** Jonathan Leeman, 2016-03-02 What is the nature of the church as an institution What are the limits of the church's political reach Drawing on covenant theology and the new institutionalism in political science Jonathan Leeman critiques political liberalism and explores how the biblical canon informs an account of the local church as an embassy of Christ's kingdom **Lectures to young men [ed. by A.H. Charteris].** Lectures, 1887 **Principle and Prudence in Western Political Thought** Christopher Lynch, Jonathan Marks, 2016-03-01 Reflections on principle and prudence in the thoughts and actions of great thinkers and statesmen Discussions of the place of moral principle in political practice are haunted by the abstract and misleading distinction between realism and its various principled or idealist alternatives This volume argues that such discussions must be recast in terms of the relationship between principle and prudence as Nathan Tarcov maintains that relationship is not dichotomous but complementary In a substantive introduction the editors investigate Leo Strauss's attack on contemporary political thought for its failure to account for both principle and prudence in politics Leading commentators

then reflect on principle and prudence in the writings of great thinkers such as Homer Machiavelli and Hegel and in the thoughts and actions of great statesmen such as Pericles Jefferson and Lincoln In a concluding section contributors reassess Strauss s own approach to principle and prudence in the history of political philosophy Principle and Prudence in Western Political Thought contains a series of first rate essays on a if not the central problem of political thought how should and can abstract and general principles inform contingent particularistic political life Catherine H Zuckert coauthor of Leo Strauss and the Problem of Political Philosophy The Chautauquan ,1881 *The Lutheran Companion* ,1917 **The Encyclopedia Britannica** ,1910 *The Congregationalist* ,1920 **God's Century** Monica Duffy Toft,Daniel Philpott,Timothy Samuel Shah,2011-02-02 A fresh and illuminating perspective on the surge in religion s political influence across the globe Is religion a force for good or evil in world politics How much influence does it have Despite predictions of its decline religion has resurged in political influence across the globe helped by the very forces that were supposed to bury it democracy globalization and technology And despite recent claims that religion is exclusively irrational and violent its political influence is in fact diverse sometimes promoting civil war and terrorism but at other times fostering democracy reconciliation and peace Looking across the globe the authors explain what generates these radically divergent behaviors In a time when the public discussion of religion is overheated these dynamic young scholars use deeply original analysis and sharp case studies to show us both how and why religion s influence on global politics is surging Finally they offer concrete suggestions on how to both confront the challenges and take advantage of the opportunities posed by globally resurgent religion **The Congregationalist and Advance** ,1919 **The Christian Union** Henry Ward Beecher,1892 *Donahoe's Magazine* ,1880 **The Encyclopædia Britannica** Hugh Chisholm,1910 *One of God's Dilemmas* Allen Upward,1896
