Beyond devolution and decentralisation Alistair Cole, 2013-07-19 Beyond devolution and decentralisation compares the politics policies and polity building dynamics of devolution in Wales and decentralisation in the French region of Brittany Empirically the book draws conclusions from in depth fieldwork within two regions and reports the findings of a comparative public opinion survey Theoretically it contributes towards our understanding of the comparative study of regions Perhaps most impressive is how the case studies generally are based on but also cast light back to the nuanced theoretical framework on regional capacity established at the outset The book uncovers the dynamics of devolution in Wales and decentralisation in Brittany through extensive face to face interviews over 200 interviews were carried out from 2001 to 2004 a formative stage in the development of the devolved institutions in Wales and a period of expectation in Brittany as well The book will be of interest to the professional research community and to practitioners in Britain France and beyond as well as to students on comparative politics British Welsh politics French politics European studies and public policy courses

**Decentralisation and Local Governance** L. C. Jain, Lakshmi Chand Jain, 2005 This is a collection of 20 essays dedicated to Dr George Mathew by eminent scholars and academics on decentralised governance and its importance in a globalising world Based on empirical studies and paradigms of developed and developing countries it has an overarching focus on India's panchayati raj institutions The Seventy third constitution Amendment Act of 1992 by making PRIs mandatory was a historic move towards deepening democracy and advancing development through decentralisation

Decentralisation programmes in other countries e.g. S Africa and Pakistan are also reviewed. The book offers a comprehensive account of development and governance at the grassroots through a broad canvas of multiperspective and interdisciplinary presentations.

*The Geographical Sciences During 1986—2015* Shuying Leng, Xizhang Gao, Tao Pei, Guoyou Zhang, Liangfu Chen, Xi Chen, Canfei He, Daming He, Xiaoyan Li, Chunye Lin, Hongyan Liu, Weidong Liu, Yihe Lü, Shilong Piao, Qiuhong Tang, Fulu Tao, Lide Tian, Xiaohua Tong, Cunde Xiao, Desheng Xue, Linsheng Yang, Linwang Yuan, Yuanming Zheng, Huiyi Zhu, Liping Zhu, 2016-07-28. In four chapters and an introduction, this book systematically helps readers understand the development of the Geographical Sciences both in China and in the world during the past 30 years. Through data analysis of methodologies including CiteSpace, TDA, qualitative analysis, questionnaires, data mining, and mathematical statistics, the book explains the evolution of research topics and their driving factors in the Geographical Sciences and its four branches: namely, Physical Geography, Human Geography, Geographical Information Science, and Environmental Geography. It also identifies the role of the Geographical Sciences in the analysis of strategic issues such as global change and terrestrial ecosystems, terrestrial water cycle and water resources, land change, global cryosphere, evolution and land surface processes on the Tibetan Plateau, economic globalization and local responses, regional sustainable development, remote sensing, modelling and parameter inversion, spatial analysis and simulation, and tempo-spatial processes and modelling of environmental pollutants. It then discusses research development and inadequacy of Chinese Geographical Sciences in the above-mentioned topics as well as in the fields including geomorphology and Quaternary environmental change, Ecohydrology, ecosystem services, the urbanization process and mechanism, medical and health geography, international rivers and transboundary environment and resources, detection and attribution of changes in land surface sensitive components, and uncertainty of spatial information and spatial analysis. It shows that the NSFC has driven the development in all these topics and fields. In addition, the book summarises trends of the Geographical Sciences in China and the research level in major countries of the world through an overview of geographical education in colleges and universities, the analysis of publications, citations, and author networks of SCI, SSCI, and CSCD indexed articles, and the description of Sino-USA, Sino-UK, and Sino-German cooperation. This book serves as an important reference to anyone interested in geographical sciences and related fields.

**Economic Globalization and Fiscal Policy** Iraj Abedian, Michael Biggs, 1998 This book gives a brief historical perspective of South Africa examines the country's macro economic policy the physical and human resources the importance of the informal economy and income redistribution and the appropriate role for government It considers lessons for South Africa from the Newly Industrialized Countries The authors also offer a workable growth policy consistent with long and short term economic issues

The Local Alternative Rafael de la Cruz, Palgrave Macmillan, C. Mannheim, C. Pöschl, 2016-04-30 This book offers a step forward in finding out how the new decentralized institutional arrangements affect local economic development In particular it analyzes how local governments can use their increasing powers and responsibilities to improve productivity and quality of life in their territories

**OECD Fiscal Federalism Studies Fiscal Decentralisation and Inclusive Growth** OECD, Korea Institute of Public Finance, 2018-07-12 This book brings together academics and practitioners to address key aspects of intergovernmental fiscal relations and country experience as they relate to inclusive growth

Where Top-down, where Bottom-up? Silke Tönshoff, Andreas Weida, 2008 The necessity for regional policy makers to find a balance between

shaping and adapting to structural change is well known But to what extent does this apply to a European strategy with a soft governance process relying largely on benchmarking and peer pressure the Lisbon Strategy for Growth and Jobs Paradigms for an increase of competitiveness also regional competitiveness spelled out so often and vigorously lose their degree of assertiveness when turning to economic theory for their foundations The authors economists and political scientists with practical experience in EU institutions deal in their contributions with different issues relevant for decision makers in modern regional policy By doing so it is possible to challenge the seemingly established consensus on what is feasible in the EU and what is not

**Participatory Urban Governance** Edgar A. Pieterse,2000 Global Sustainability, Telecommunications and Science and Technology Policy Seán O'Siochrú,1993

**Decentralized Development in Latin America** Paul Lindert,Otto Verkoren,2010-03-02 Much of the scholarly and professional literature on development focuses either on the macro level of national policies and politics or on the micro level of development projects and household or community socio economic dynamics By contrast this collection pitches itself at the meso level with a comparative exploration of the ways in which local institutions municipalities local governments city authorities civil society networks and others have demanded and taken on a greater role in planning and managing development in the Latin American region The book s rich empirical studies reveal that local institutions have engaged upwards with central authorities to shape their policy and resource environments and in turn been pressured from below by local actors contesting the ways in which the structures and processes of local governance are framed The examples covered in this volume range from global cities such as Mexico and Santiago to remote rural areas of theBolivian and Brazilian Amazon As a result the book provides a deep understanding of the diversity and complexity of local governance and local development in Latin America while avoiding the stereotyped claims about the impact of globalisation or the potential benefits of decentralisation as frequently stated in less empirically grounded analysis
