Economic Development In Asia:

Economic Dynamism in the Asia-Pacific Grahame Thompson, 1998 Economic Dynamism in the Asia Pacific examines the dramatic rise of the economic importance of the region the sources of that growth its future development in uncertain times and the consequences for the global economy

Economic Development in Asia John Malcolm Dowling, 2004 ECONOMIC DEVELOPMENT IN ASIA explores factors that influence economic growth and development particularly from an Asian development perspective Grounded firmly on theoretical foundations it showcases the richness and variety of the Asian development experience through extensive coverage of individual country case studies institutional developments and challenges facing policy makers in the region as well as in depth discussions of existing empirical evidence This book is specially tailored to meet the needs of social science students studying economic development in Asia University students educators and government policy makers will find the book particularly useful for understanding growth and development trends in the context of a rapidly globalizing world With the rising tide of interest in Asian economies the book will prove to be an invaluable for anyone seeking to better understand the process of growth and economic development in the region

Economic Development in Asian Perspective Shigeru Ishikawa, 1967 Monograph on economic development with particular reference to developing countries of Asia covers economic theory of economic growth the lack of investment in agriculture with special emphasis on irrigation and cultivation techniques rural workers and underemployment resource flow between agriculture and industry development of the manufacturing industry in the light of technological change etc Bibliography on statistical sources pp 469 to 481

East Asian Development Dwight H. Perkins, 2013-10-21 In the early 1960s fewer than five percent of Japanese owned automobiles China's per capita income was among the lowest in Asia and living standards in rural South Korea put it among the world's poorest countries Today these are three of the most powerful economies on earth Dwight Perkins draws on extensive experience in the region to explain how Asia sustained such rapid economic growth in the second half of the twentieth century East Asian Development covers Japan South Korea Hong Kong Singapore and Taiwan as well as Indonesia Vietnam Thailand Malaysia and China a behemoth larger than the other economies combined While the overall picture of Asian growth is positive no single economic policy has been effective regionwide Perkins uncovers why some initially egalitarian societies have ended up in very different places with Japan for example maintaining a modest gap between rich and poor while China has become one of Asia's most unequal economies With Korean and Japanese growth sluggish and China losing steam Perkins asks whether this is a regional phenomenon or typical of all economies at this stage of development His inquiry reminds us that the uncharted waters of China's vast economy make predictions speculative at best

Economic Development in Asia George Rosen, 1996 With articles spanning over 40 years of research this volume covers issues such as the problems and policies of Indian industrialization the effects of the policy changes of the 1890s upon Indian industry and the future of economic development in Asian countries

Managing Economic Development in Asia Kuotsai Liou, 2002-03-30 From 1965 to 1990 the 23 East Asian economies grew faster than all other regions of the world The high performing economies of Japan South Korea Taiwan Hong Kong Singapore Thailand Malaysia and Indonesia experienced low and declining levels of income inequality as well The June 1997 financial crisis has challenged these economies Many of the high performing economies have experienced serious problems including falls in currency and equity markets significant slowdowns in international trade and setbacks in economic growth Emphasizing the role of government and the importance of managing development this book provides an overview of the major impact of the financial crisis on selected Asian countries and of the development policies implemented Examining the experience of managing economic development the book includes contributed chapters on China Hong Kong Indonesia Japan Korea Malaysia Taiwan Thailand Singapore and Southeast Asia It will be a useful resource for scholars students and those researching Asian economic development

East Asian Visions Indermit Singh Gill, Yukon Huang, Homi J. Kharas, 2007 Despite the diversity in income levels languages culture resource endowments and political systems the countries of East Asia are more integrated now than they have ever been Goods money and ideas are being traded across the region East Asia is redefining itself from a collection of disparate nations that looked mainly to markets in the west to a more self reliant innovative and networked region Countries in this region are strengthening ties with each other and seeking more strategic partnerships with the rest of the world East Asian Visions is a collection of essays that convey firsthand how some of the most influential thinkers in East Asia view these challenges The writers are eminent policy makers statesmen and scholars They write about how competition with the west has bred success how crises in the region have provoked introspection and how the rise of China is catalyzing change

Economic Development in East Asia E. Stuart Kirby, 2010-11-26 First published in 1967 this influential study reviews the economic development of 15 countries from East Asia in the period between 1945 and 1965 It deals with a wide variety of factors influencing the development of the region including the influence of foreign governments both international aid and foreign trade population development industrialisation transport and communication infrastructure and the impact of economic development upon the population of East Asia

Economic Development in China, India and East Asia Kartik Chandra Roy, Hans-Christer Blomqvist, Cal Clark, 2012-01-01 This is an unusually rich and comprehensive comparative analysis of industrialisation and development in Asia Drawing on the diverse experiences of Malaysia Singapore China India and more Roy Blomqvist and Clark skilfully tease out the common institutional threads and the subtle differences in their developmental trajectories An essential reading for all those interested in the lessons from Asian development Jude Howell London School of Economics UK This is a thorough and comprehensive study both in terms of country coverage and in depth analysis covering the economic development of all the major economies in the Asian continent namely China India Japan South Korea Taiwan Malaysia and Singapore Before embarking on analyses of different aspects of economic growth and development of these countries the authors present a thought provoking analysis of how

institutional factors such as geography history of religion culture and political governance have been deeply interwoven with development dynamics to shape the growth and development trajectory that each country has subsequently followed Each country s development path consequently appeared almost be pre determined Japan s role as the lead country in technology transfer under the flying geese pattern of development is discussed however the emphasis has shifted of late to China India Korea Malaysia and Singapore the authors also propose that instead of discussing the failure of India to catch up with China in growth and development outcomes economists should be commenting on whether China bestowed with India s highly decentralized democratic governance structure and institutional rigidities would have been able to achieve the same results as that of India Only then will a true understanding and appreciation of India s achievements in economic growth and development emerge Economic Development in China India and East Asia will be warmly welcomed and appreciated by academics and researchers of international and development economics as well as Asian development and economics Policy makers and those involved in NGOs in the development and aid arenas will also find this of great interest

Economic Growth in Monsoon Asia Harry Tatsumi Oshima,1987 Economic and Social Development in Pacific Asia Chris Dixon,David W. Smith,2002-09-26 There can be no doubt that Japan remains unchallenged as the economic giant of the Pacific However the economies of East and South East Asia are increasingly becoming integrated into a broad Pacific Asia region which contains most of the world s fastest growing economies In Economic and Social Development in Pacific Asia a group of world authorities set the area in its global context and examine the economic emergence of the region In so doing they illustrate that despite superficial similarities there have been many more differences and it is not possible to offer a model of Asian development The authors also challenge the perceived wisdom that this dynamic growth is the result of laissez faire market led economies They argue that on the contrary there has been a great deal of government intervention and this growth is actually a result of a policy of guiding the market

Economic Development in East and Southeast Asia Seiji Naya,Akira Takayama,1990 This volume reflects the wide range of development issues and problems of the economies of East and Southeast Asia whose dynamic performances have caught the attention of many around the world It also serves to honour Professor Shinichi Ichimura for his dedication and many contributions to creating a better understanding of the development issues faced by the countries in the region Both the editors and all of the contributors in this book have worked with Professor Ichimura at one time or another

Future Perspectives On The Economic Development Of Asia John Malcolm Dowling,2007-12-17 The future growth and development of Asia the most dynamic economic region in the world today will have important implications for the rest of the global economy This book offers a futuristic perspective of a wide array of developmental challenges and opportunities facing Asian economies over the next two decades The future is approached from several different developmental paradigms including technological change and innovation regional cooperation within Asia and between Asia and the West poverty reduction ethics and corruption and

environmental challenges Future prospects for the two giant economies of China and India are also explored By offering a comprehensive look at the medium term future of Asia from such a wide range of different viewpoints this fascinating book will interest economists social scientists politicians international investment managers and the general public alike

Economic Development of Emerging East Asia Frank S.T. Hsiao, Mei-Chu Wang Hsiao, 2017-09-27 *Economic Development of Emerging East Asia* presents economic studies of Taiwan and South Korea compares them chiefly with Japan and the United States and finds that these East Asian countries are still in the process of emerging in the world economy A timely quantitative and econometric analysis of the regional economies of emerging East Asia the volume examines development indicators effects of the 1997 Asian financial crisis productivity growth catching up and convergence of long run real GDP per capita growth the time required for a country to catch up colonialism and economic development in Taiwan and India Arranged in increasing complexity of economic analyses the chapters in this book provide a comprehensive understanding of emerging East Asian economies In addition to serving as a handy reference for regional economists policy analysts and researchers *Economic Development of Emerging East Asia* can also be used as a textbook on economics and business

Lessons from East Asia Danny M. Leipziger, 2001-01-09 Case studies success stories and cross country essays on public policy in East Asian economies

Economic Interdependence and Development in East Asia Hans C. Blomqvist, 1997-08-26 The rapid development of Asian countries has met with mixed reactions among economists Most economists understand that a genuine development is underway but since the process has been a complex one each has been able to apply favorite explanations to the situation In Eastern Asia regional interdependence has been important to developing countries This work discusses the interaction between the regional economies through trade and foreign direct investment relating interaction to economic growth and development

Trade, Investment and Economic Development in Asia Debashis Chakraborty, Jaydeep Mukherjee, 2016-05-26 In an era of globalization trade in goods and cross border services and capital flows play a key role in determining the economic growth path of countries Over the last two decades countries have embarked on several alternate tracks to liberalize and deepen their linkage with the world economy The growing trade investment nexus and the emerging developments lead to deeper international production networks rise in cross border trade in services and in regional trade agreements and so on The debate of whether it is possible to empirically validate the potential benefits of this deepening trade investment linkage is ongoing The evidence in literature is however ambiguous This book contributes to the literature by looking at Asian economies and at the EU Maghreb countries and Pacific Island economics It examines the issues under four broad areas namely 1 trade theoretical and policy issues 2 factor flows impact on trade and welfare 3 impact of trade and factor flows on environment and 4 institutions international trade

and policy issues
