God Reza Aslan, 2018-08-09 THE NEW YORK TIMES BESTSELLER In *God* Reza Aslan sheds new light on mankind's relationship with the divine and challenges our perspective on faith and the birth of religion From the origins of spiritual thought to the concept of an active engaged divine presence that underlies all creation Aslan examines how the idea of god arose in human evolution was gradually personalized endowed with human traits and emotions and eventually transformed into a single Divine Personality the God known today by such names as Yahweh Father and Allah Bold wide ranging and provocative *God* challenges everything we thought we knew about the origins of religious belief and with it our relationship with life and death with the natural and spiritual worlds and our understanding of the very essence of human existence *Zealot* Reza Aslan, 2014-09-09 1 NEW YORK TIMES BESTSELLER A lucid intelligent page turner Los Angeles Times that challenges long held assumptions about Jesus Two thousand years ago an itinerant Jewish preacher walked across the Galilee gathering followers to establish what he called the Kingdom of God The revolutionary movement he launched was so threatening to the established order that he was executed as a state criminal Within decades after his death his followers would call him God

Sifting through centuries of mythmaking Reza Aslan sheds new light on one of history's most enigmatic figures by examining Jesus through the lens of the tumultuous era in which he lived Balancing the Jesus of the Gospels against the historical sources Aslan describes a man full of conviction and passion yet rife with contradiction He explores the reasons the early Christian church preferred to promulgate an image of Jesus as a peaceful spiritual teacher rather than a politically conscious revolutionary And he grapples with the riddle of how Jesus understood himself the mystery that is at the heart of all subsequent claims about his divinity Zealot yields a fresh perspective on one of the greatest stories ever told even as it affirms the radical and transformative nature of Jesus life and mission Praise for Zealot Riveting Aslan synthesizes Scripture and scholarship to create an original account The New Yorker Fascinatingly and convincingly drawn Aslan may come as close as one can to respecting those who revere Jesus as the peace loving turn the other cheek true son of God depicted in modern Christianity even as he knocks down that image The Seattle Times Aslan's literary talent is as essential to the effect of Zealot as are his scholarly and journalistic chops A vivid persuasive portrait Salon This tough minded deeply political book does full justice to the real Jesus and honors him in the process San Francisco Chronicle A special and revealing work one that believer and skeptic alike will find surprising engaging and original Jon Meacham Pulitzer Prize winning author of Thomas Jefferson The Art of Power Compulsively readable This superb work is highly recommended Publishers Weekly starred review

Lindsay, 2018-03-21 Have you ever wondered how it is that we find ourselves on this tiny blue planet called Earth Is Earth the only lucky planet in our universe to harbor intelligent life How did that first speck of life materialize If you cant swallow the argument that it was just dumb luck then you may enjoy reading this pithy little book You will be amazed how the big bang theory scientific chronology of the fossil record and the adaptive radiation of lineages are in harmony with the Creation story in Genesis The *Ancient River of Eden* also touches on questions such as If there is a loving all seeing all powerful Creator why are there so many troubles in this world and What does he care if de land aint free O man river Dat ol man river He mus know sumpin but dont say nuthin The author shares some of his personal life experiences and gives a brief account of his coming to know the Lord connecting with Holy Spirit The book is sprinkled with references to the Old and New Testaments Jewish leaders demanded the crucifixion of Jesus only after Jesus clearly stated that he was indeed God John 18 36 and John 20 289 It is impossible for the human mind to technically grasp this supernatural occurrence called Immanuel but God did create both the natural dimension and a supernatural dimension in our universe After reading this book and exploring the ideas presented it is the authors hope that you will no longer be a doubting Thomas

history to life No god but God Reza Aslan,2011-08-30 A twentieth anniversary edition of the fascinating accessible introduction to Islam with a new preface and study guide from the 1 bestselling author of Zealot FINALIST FOR THE GUARDIAN FIRST BOOK AWARD Wise and passionate an incisive scholarly primer in Muslim history and an engaging personal exploration The New York Times Book Review Two decades after its original publication No god but God remains a landmark work in understanding Islam s rich history and profound impact on the world This 20th anniversary edition revisits the book that challenged the simplistic clash of civilizations narrative and offered a bold nuanced portrait of a faith rooted in justice equality and compassion In this modern classic Reza Aslan traces Islam s origins from the revelations of Muhammad in Mecca and Medina to how the Prophet s vision of a radically egalitarian community was shaped challenged and interpreted by generations of Muslims resulting in a faith of remarkable diversity and resilience Moving through history to the modern era Aslan confronts the politicization of Islam the rise of extremist ideologies and the pervasive Islamophobia that has distorted the religion s image particularly in the post 9 11 world Fully revised and with a new preface and study guide this edition connects Aslan s timeless insights to the profound changes shaping Islam today from the emergence of a global digital community to the ongoing struggles between tradition and modernity Accessible yet deeply researched No god but God remains a vital resource for anyone seeking to understand the past present and future of Islam Gandhi and Bin Laden James L. Rowell,2009-08-05 No two figures could seem further removed than Mohandas K Gandhi and Osama bin Laden Gandhi advocated an inclusive religious perspective and believed that the highest ideals in religion led to the path of absolute nonviolence In contrast Bin Laden has concocted a militant and exclusive interpretation of Islam and tried to justify some of the most barbarous acts of terrorism witnessed at the turn of the century Can both men be equally religious figures As leaders of movements of political protest do they have any points of similarity Moreover how can the religious philosophy of nonviolence respond to its nemesis which takes life so easily and casually These and other important questions are explored in this work that examines the lives and ideas of Mohandas K Gandhi and Osama bin Laden as well as that of Abdul Ghaffar Khan a refreshing nonviolent representative of Islam God's Politician Garth Lean,1980 A faith that changed history this is the story of William Wilberforce s struggle to abolish the Slave Trade and reform the morals of Great Britain In God s Politician Garth Lean provides an insightful and stirring account of how Wilberforce and his colleagues in the Clapham circle put their faith into action and changed the course of history Their legacy was one of far reaching moral renewal as well as testimony to the power of the individual to effect change in his world Foreword by Charles W Colson **No God But God** Reza Aslan,2005 Much of the Muslim faith remains largely unknown and misunderstood in the West To many in the west Islam means jihad veiled women and suicide bombers Yet these represent only fringe elements of the world s fastest growing religion While there have been a number of successful books on the topic of Islamic history from Karen Armstrong s Islam A Brief History to Bernard Lewis s The Crises of Islam there is surprisingly no book for a popular audience about Islam as a

religion let alone one by an author from an Islamic background No God But God fills that gap addressing issues of belief the difference between the Quran and the Bible the meaning of the Hajj the Muslim relationship with Jesus the Muslim attitude towards Jews equality between the sexes and more *American Book Publishing Record* ,2006 **No god but God: The Origins and Evolution of Islam** Reza Aslan,2012-08-14 Engaging accessible and thought provoking No god but God is a persuasive elegantly written and accessible introduction for young readers to a faith that for much of the West remains shrouded in ignorance and fear Adapted for young readers from No god but God The Origins Evolution and Future of Islam this exploration of Islam by Reza Aslan internationally acclaimed scholar of comparative religion delves into the rituals and traditions of a religion that is largely misunderstood by the West It covers the religion s origins the revelation of Muhammad as Prophet and the subsequent uprising against him and the emergence of his successors as well as Islam s complex history No god but God is sure to stimulate discussion and encourage understanding of the Islamic faith and the people who follow it Praise for No god But God The Origins Evolution and Future of Islam of Islam This welcome addition to Islamic studies provides a valuable context for reflection about the origins of issues facing Muslims and their neighbors today Publishers Weekly An introduction to Islam as evocative as it is provocative Kirkus Reviews Wise and passionate book New York Times Financial Times Best Book of the Year **The Confrontation Between Tradition and Faith.** Dr. Khallid Shabazz,2010-07-26 In this work I have attempted to explain various myths concerning the prevailing thought of those early and contemporary Muslims and their misapprehensions concerning the Islamic purest source The basic reason for the origination of these myths cultural implications are that the Muslims have become lethargic and stagnant in their thinking and therefore have become blind followers in a religion that encourages thinking on the highest level This stagnation has become intensified by Muslims which are now being born into a system where the scholarly have absolute authority over the thinking of the masses which encourages blind following and extremisms ThirdWay ,1977-02-24 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture
