## **God Matters Essays In Conversational Theology:**

The Conversation Matters, Second Edition Henry H. Knight, Don E. Saliers, 2025-11-20 How can Christians talk with one another about things that matter How can we make an argument without having an argument This book offers a way forward Drawing on John Wesley as well as contemporary thinkers Knight and Saliers show how doctrines those things we teach and believe directly shape Christian life and faith and should be the subjects of regular conversation in our churches and denominational assemblies They also show that how we talk about the things we believe including issues of controversy is itself a witness to the gospel we profess Their model for doing this is a recovery of the Wesleyan practice of Christian conferencing In this second edition the authors provide two new chapters that provide additional insights for this time of intense polarization in America They call us to remember who we are as followers of Jesus Christ *Evangelical Calvinism* Dr. Myk Habets, Bobby Grow, 2017-05-04 Continuing the discussion initiated in volume one volume two of *Evangelical Calvinism* further articulates the central motifs of this mood within Reformed theology by examining themes having to do with dogmatics and devotion After further clarifying the methodological and dogmatic aspects common to an Evangelical Calvinism the heart of the present volume is an explication of the vicarious ministry of Christ as it is worked out in its diverse theological dimensions The volume offers constructive accounts of various aspects of liturgy sacraments and doxology showing the vitality and lived spirituality of this Christian vision of faith and practice Both advocates and critics of Evangelical Calvinism now have an extended and thorough body of work with which to interact As with volume 1 this volume promises to set the agenda for contemporary and constructive Reformed studies in a way that provides an alternative to neo Calvinism and Westminster Calvinism alike **The Trial of the Witnesses** Paul J. Dehart, 2008-04-15 The much discussed notion of Postliberal theology developed from the writings of two theologians at Yale University Hans Frei and George Lindbeck An analysis and critique of the much discussed idea of postliberal theology Provides an overview of postliberalism and the controversies which resulted Compares the writings of theologians Hans Frei and George Lindbeck from which postliberal theology developed and uncovers important differences in their thought Reconceptualizes these thinkers contributions to contemporary theological discussion Published in the prestigious *Challenges in Contemporary Theology* series **The INTRAFaith Conversation: How Do Christians Talk Among Ourselves About INTERFaith Matters?** Susan Strouse, 2016-03-18 This crisp and cogent book by the Rev Dr Strouse is published at a time when both interfaith and intrafaith dialogue are critical to the vitality of spiritual life in our nation As a parish pastor in a small struggling congregation I have become increasingly aware of the insularity and isolation of many of our parishioners This seems less the result of inadequate parish education as it is the byproduct of too many people getting their information from biased TV networks so called social media or word of mouth We parish pastors need to examine our internal intra congregational conversations about diverse faith traditions and how they bear on congregational mission I was particularly impressed by the

author's use of footnotes and her extensive bibliography The book is a walking talking workshop in print with its detailed reflection discussion questions and suggestions for further reading Thank you Pastor Strouse for such a comprehensive presentation of how to approach constructively this timely and important conversation Review by Richard G Eddy [Rorty and the Religious](#) Jacob L. Goodson,Brad Elliott Stone,2012-08-14 Prior to his death in 2007 the self described secular philosopher Richard Rorty began to modify his previous position concerning religion Moving from atheism to anti clericalism Rorty challenges the metaphysical assumptions that lend justification to abuses of power in the name of religion Instead of dismissing and ignoring Rorty's challenge the essays in this volume seek to enter into meaningful conversation with Rorty's thought and engage his criticisms in a constructive and serious way In so doing one finds promising nuggets within Rorty's thought for addressing particular questions within Christianity The essays in this volume offer charitable yet fully confessional engagements with an impressive secular thinker *Forthcoming Books* Rose Arny,1999 **American Book Publishing Record** ,2005 [Catalogue of the Printed Books in the Library of the University of Edinburgh](#) Edinburgh University Library,1918 **Essays on the Rise and Progress of the Christian Religion in the West of Europe, from the Reign of Tiberius to the End of the Council of Trent** Earl John Russell Russell,1873 [The Recovery of Doctrine in the Contemporary Church](#) Richard Heyduck,2002 Heyduck examines the false options on doctrine that modernity has offered the church especially his own tradition United Methodism and suggests ways to get beyond this impasse **Systematic Theology** Augustus Hopkins Strong,1907 **Discourses and Essays** Jean Henri Merle d'Aubigné,1899 **Perspectives on Science and Christian Faith** ,2007 *The great conversation* Robert Maynard Hutchins,1952 A massive set of classic books includes the most influential works of literature philosophy and science in the history of the West **Arachnè : Revue Interdisciplinaire de Langue Et de Littérature** ,1995 [Four key-words of religion, an essay in unsystematic divinity](#) William Reed Huntington,1899 [T&T Clark Handbook of Sacraments and Sacramentality](#) Martha Moore-Keish,James Farwell,2022-12-29 Introducing readers to the contemporary field of sacramental theology this volume covers the biblical and historical foundations a survey of the state of the discipline and a collection of constructive essays representing major themes practices and approaches to sacraments and sacramentality in the contemporary world The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology The second part of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space time ritual action music and word all as aspects of what Christians have termed sacramental reality The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions baptism eucharist Lord's Supper confirmation confession forgiveness and reconciliation marriage ordination and anointing The final part of this volume features scholars who are working on sacraments in conversation with
