Danny Shelton, 2007 [God's Top Ten List](#) Glen S. Martin, 1999-06 There are no absolutes Absolutely Many people in today s society believe that all truth is relative and that they have the final authority to choose for themselves what is right and wrong But that s not what God says According to the Bible God is the final authority and He has made clear how we are to live and what is right and wrong In God s Top Ten List Glen Martin takes an in depth look at the Ten Commandments He examines what God said and the reasons why He said it God is not some sort of cosmic killjoy Rather He knows our hearts and minds because He made us He knows how we operate So God put together an instruction list that if followed provides for a full life and healthy and happy relationships Learn more about your Maker and His loving plan for the people He created Study each of the Ten Commandments to discover how they were designed to show us God s character and lead us to a rich and happy life Follow the ten commandments given to Moses at Mt Sinai so many years ago You won t be disappointed

The Ten Commandments Rose Publishing, 2006-02-22 The Ten Commandments is an ideal Bible study resource for youth and adults Shows both the traditional and contemporary wording of each of the 10 Commandments a principle and the meaning of each commandment what Jesus taught about the commandments and why the 10 Commandments are important today Below is an example of the information you will find in The Ten Commandments Commandment 3 Do Not Misuse God s Name Thou shalt not take the name of the LORD thy God in vain Principle God s name is holy powerful and glorious Meaning God s name is holy and should be treated with respect there is power in the LORD s name and it shouldn t be used lightly Because God is Spirit we know Him through what He says about Himself to take His name in vain violates God s nature As God s creation everything a person says and does should be done in order to praise and glorify God 1 Corinthians 10 31 Bible examples When a man named Shelomith blasphemed the name of God with a curse the Lord commanded that he be taken outside the camp and stoned to death Leviticus 24 10 16 Jesus was accused of blasphemy because He claimed to be God John 10 33 James warned believers to watch what they say because the tongue is capable of evil and poison and can easily corrupt

a person James 3 5 9 Jesus Teaching Jesus said every sin and blasphemy will be forgiven men but the blasphemy against the Spirit will not be forgiven But I tell you that men will have to give account on the day of judgment for every careless word they have spoken For by your words you will be acquitted and by your words you will be condemned Matthew 12 31 36 37 Jesus said to begin praying with Our Father in heaven hallowed be your name Matthew 6 9 Explanations Jews and Jewish scribes would go to great measures in order to avoid saying or writing the LORD s name for fear of blasphemy The Bible says we are to pray heal and baptize in Jesus name Matthew 28 19 Mark 16 17 John 14 13 Acts 3 6 The Bible says that what we say is very important and it is a glimpse into who we are James 3 9 12 God loves us and wants us to love and worship Him in whatever we are doing and at all times God wants us to use His name it is holy and powerful If we can show respect for the names of our fathers mothers teachers and doctors then how much more should we respect the name of our sovereign God The Ten Commandments breaks the 10 Commandments into two main divisions commandments about our relationship to God and commandments about our relationship to other people This pamphlet is also a great resource on the history of the commandments and why The Ten Commandments were revolutionary for their time **The Ten Commandments** Roderick C. Meredith,1972 *What the Bible Says about the Ten Commandments* Leadership Ministries Worldwide,2003-09 The Ten Commandments Patrick D. Miller,2009-08-06 In this volume Patrick D Miller studies the Ten Commandments as ancient document and as contemporary guide With careful attention to each commandment in its original context this book shows the reader the modern relevance of these basic principles as well as how the ideas of each commandment influenced the New Testament More than an intellectual exercise The Ten Commandments applies the call of the commandments to modern day issues Westminster John Knox Press is proud to introduce an exciting new phase in the renowned Interpretation commentary series Instead of focusing on individual books of the Bible these new volumes will focus on the Bible s most enduring passages and most vital themes bringing to these topics the insight and faithful wisdom that are longtime hallmarks of the Interpretation series This expanded Interpretation series will be an excellent resource for all those who teach preach and study the Bible *The Ten Commandments and Human Rights* Walter J. Harrelson,1997 The Ten Commandments and Human Rights sets out to evaluate the importance of the Ten Commandments for the life of faith today The general thesis is that the commandments are immensely important not only for Jews and Christians but for all persons seeking to find or to reaffirm a moral foundation for their life and for the life of their children their religious community and their society The fact that the commandments are put negatively is immensely important for it means that the community that claims these commandments and builds on them has to work out for itself the positive import of not having other gods not worshipping idols not profaning the sabbath not killing and stealing and committing adultery Put negatively these commitments become the groundwork for a humanly free and responsible search for the will of God for individual family and corporate life today and in any day It is true that the commandments originate in ancient Israel are central to the faith of prophets priests and

sages and are claimed and made foundational by Jesus for the Christian community But these commandments also share much with for example the Universal Declaration of Human Rights which has been presented by the United Nations for adoption by all the nations of earth The Ten Commandments and Human Rights seeks to show how to avoid moralistic use of the Ten Commandments in religious life today while still affirming that there are absolutely foundational prohibitions that can and must guide the moral life of all peoples The Ten Commandments need very little revision in order to become such a foundation for a free and responsible life today

The Truth about God Stanley Hauerwas, William H. Willimon, 1999 Analyzes each of the Ten Commandments and discusses what they tell us about God Describes how God loves mankind enough to take interest in the real issues of daily life such as property sex and speech

The Ten Commandments Billy Graham, Billy Graham Evangelistic Association, 2005

Do We Still Need the Ten Commandments? John H. Timmerman, 1997-03-01 In answer to the title's provocative question the author offers a fresh and profound understanding of God's timeless laws Using a unique narrative style illustrated with lively anecdotes John Timmerman sheds new light on these ancient rules revealing the Ten Commandments as loving guides to a vital relationship with God resulting in contentment and wholeness

What Are the Ten Commandments? Yona Zeldis McDonough, Who HQ, 2017-10-10 Learn the story behind the ten laws that have been the guiding light of Judeo-Christian belief Not just about Moses whose origin story leaves open questions this book looks back at the time when the commandments were written how the belief in one all powerful God set the Israelites apart from other ancient peoples and the roles the Ten Commandments have played in Judaism Christianity and Islam It also looks at what each individual commandment means and how together they form the basis of leading a moral life as well as forming a just government

The Law of God William Swan Plumer, 1864

The Law of God, as Contained in the Ten Commandments William S. Plumer, 2023-09-14

Contemplations on the Ten Commandments Vol. 2 H.H. Pope Shenouda III, 1993-07-02 The Ten Commandments were not meant for the times of the prophet Moses nor the times of the Old Testament but were rather addressed to every generation till heaven and earth pass away one jot or one tittle will by no means pass from the law Matt 5:18 Through Christianity the Ten Commandments were given a new meaning which coincided with the new standards understood by the believers in the New Testament So the Commandments remain the same but their concept widens as God grants with His grace an opportunity for meditation How true then was the prophet David when he said I have seen the consummation of all perfection But Your commandment is exceedingly broad Ps 119:96 This series of lectures were given in 1967 and have been published more than once Pope Shenouda III

A Doubter's Guide to the Ten Commandments John Dickson, 2016-06-07 The Ten Commandments have influenced non-religious Western culture more than it might imagine This guide to the famous rules does more than explain what they are or what they say but why we need them This moral code in the Old Testament of the Bible from which sprang ideas of justice compassion human rights and freedom has had such a strong impact on our society that it seems to represent

what most of us think of as basic ethical reasoning Even atheists like Richard Dawkins have offered up their own version of the Ten Commandments and the strange thing is that many of them don't stray very far from the ethical teachings of Moses and Jesus Bestselling author and apologist John Dickson explores how these ten rules have changed our world and how they show us what the Good as Socrates called it looks like in practice Whether or not one believes in the Bible these ten ancient instructions open a window to Western thought and civilization and to our own souls In each chapter Dickson unpacks one of the ten famous commandments to show how they're not simply outdated rules but apply directly to our lives today Along the way he discusses broader philosophical implications such as Why do humans try to be good at all What's the point of ethics and why do we systematically seek them out Why the Ten Commandments have outlived the moral codes of the ancient world such as the Code of Hammurabi and the Maxims of Delphi What does the Bible actually say about punishment and reward How the teachings of Jesus relate to the much older instructions of Moses

God's Love Language Waldon Wright, 2014-04-09 God's Love Language is an easy to read comprehensive inspirational and thought provoking non-fictional redemptive and life saving presentation on a subject that has eternal consequences for individuals the family society and our world This researched work gives a clear and direct answer to the question What is God's Love Language In doing so it compares and contrasts God's Love Language with human love language against the backdrop of love love language kinds of love language and communication of love This work also shows that God has a keen interest in building a saving and eternal relationship with human beings that is second to none While God's Love Language outlines the outstanding benefits to persons who have used it are using it and will use it in the future it also presents consequences to those who knowingly refuse to use and endorse it God's Love Language also provides an inclusive list of persons who have used it This list includes the rich poor educated uneducated as well as villains whose lives have been transformed permanently for good By including users of various backgrounds and diverse experiences it sets out to show that your life can be changed for the better that your past does not have to define your future and your past sins or crimes need not imprison you to a life of doom and gloom Then as if in answer to your unspoken question it gives the reason for this seemingly humanly impossible transformation as the beings who are at the centre of God's Love Language Then it concludes by providing you with a priceless opportunity to make a response in favour of God's Love Language Take this enviable rewarding journey through this book As you become thrilled by the gripping plots scenes and life changing stories along this seven chapter experience you will conclude that while human love language is good God's Love language is a far more excellent way Then encourage others to take the same journey as you did and endorse God's Love Language

Keeping the Ten Commandments J. I. Packer, 2008-01-07 They're often mistakenly considered God's rules his outdated list of do's and don'ts that add up to a guilt ridden legalistic way of life But as beloved author and Bible scholar J I Packer probes the purpose and true meaning of the Ten Commandments you'll discover that these precepts can aptly be called God's blueprint for the best life possible They contain the wisdom and

priorities everyone needs for relational spiritual and societal blessing and it's all coming from a loving heavenly Father who wants the best for his children Not only does Packer deliver these truths in brief readable segments but he includes discussion questions and ideas for further study at the end of each chapter This book will challenge you to view the commandments with new eyes and help you to understand perhaps for the first time the health hope and heritage you're offered there

A History of the Ten Commandments Clarence William Sickles, 2015-11-09 A History of the Ten Commandments with a Modern Moral Code traces the way the Ten Commandments God gave to Moses on Mt Sinai in the 13th century BC changed through the ages analyzing the seventeen versions of the Decalogue which now exist The author also presents a moral code which is related to the Mosaic Decalogue but is not religious and should therefore be acceptable for public display in the secular world The book features photographs of plaques depicting the Ten Commandments with interesting eleven commandment variations on display throughout the country Written for a broad audience ranging from Sunday school teachers and scholars to the average reader this book is essential reading for those seeking to discover information about the greatest document in human history and wanting to learn about a new moral standard desperately needed in the ethically corrupt world of the present day
