hundred years the church s knowledge of the Lord and His truth has been continually progressing This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries It is filled with the revelation concerning the processed Triune God the living Christ the life giving Spirit the experience of life and the definition and practice of the church In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation development and expounding of the truths contained in the Scriptures The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people the second principle is that we should interpret develop and expound the truths contained in the Bible with Christ for the church and the third governing principle is Christ the Spirit life and the church No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God s holy Word according to His New Testament economy as this one does      [The Conclusion of the New Testament](#) Witness Lee,1985      [Exploring the Glory of God](#) Adesola Joan Akala,2020-11-24 With the aim of envisioning new horizons for a theology of glory *Exploring the Glory of God* New Horizons for a Theology of Glory offers fresh biblical theological and scientific perspectives on the subject of divine self revelation and human responses to the manifestations of divine presence The first three chapters explore the

glorious encounter between Moses and God and the Christological dimensions of glory in Johannine and Pauline writings. These chapters demonstrate how the biblical text inherently weaves aspects of covenant relationship, revelation, Christology, ecclesiology, and eschatology into a remarkable tapestry of divine glory. Five theological chapters cover the role of the Holy Spirit and the worshipful response of believers to the glory of God, as well as expositions on the glory-themed writings of Jonathan Edwards, Karl Barth, Oscar Romero, and Ety Hillesum. These theological writers provoke challenging questions by emphasizing how the theme of glory paradoxically encompasses both otherworldly perfection and worldly imperfections. The two concluding chapters focus on the natural and physical sciences, revealing how God's glory is displayed in the heavens and on earth. The entire volume demonstrates the significance of divine glory in the study of the words and works of the triune God.
