Deborah Warren,2013-01-24 This book is one that I have not only lived but taught and that is why I am qualified to write it It is one that begins on a journey from spiritual birth to actually discovering Biblical God s Plan and Purpose for your life **Why Does an Orderly God Allow Disorder** Patience Johnson,2012-09-24 I wrote this book in my darkest time and realized that I must use my experiences to teach people many ways to enjoy both sides of life I believe that there is no such thing as a good time or bad time in life Rather I see opportunities for creative invention regeneration growth circumcision of heart and thinking about the past and the future I wrote this book to answer some of the worlds most commonly asked questions which always cross my mind I propose many sources of the problems we have in the world as well as solutions for how to handle them Do the politicians really have the solution to our economic problems Can the world ever experience peace and harmony Has religion done us more harm than good Is there really a God If there is one where can we find him her I think that after reading this book most of your questions will be answered Human beings forget that there are two sides to everything the good and the bad the sun and the moon night and day light and darkness Unfortunately we choose to see only the good sides of existence as being beneficial and refuse to embrace and see the opportunities that can come from the hard times We may be so busy seeing the faults of other people and not our own could that be one of the reasons we seem to misunderstand each other I hope to impart my wisdom to you Do not worry about death but consider how to be prepared when it comes Additionally you must acknowledge God and his sovereignty and not only by attending church or Mosque This book also teaches about parenting attitudes character and many other things about life *Your Mind Is My Experience* Nwokorie Matthew,2014-03-10 Your body is not your limitation as is generally believed by many Limitations in life are all a product of the mind Where you are today and where you will be tomorrow are a result of the functioning of your mind Many have been trained or indoctrinated to believe that they are limited in life because of their physical condition The truth is they are limited by their poor vision Their vision of the things they can accomplish can be so limited that they see goals as impossible Because they see things in these terms it makes them draw inspiration from only those things thereby limiting their physical aspect of life The human mind was created not to function with any form of limitation but because of religious traditional and societal beliefs not based on fact men and women are held back from
