Gods Revolution:

God's Revolution Eberhard Arnold, 1997 Feeling powerless to change the greed and injustice at every level of society Tired of answers that ignore the true causes of human suffering This revised anthology of Arnolds most compelling writings challenges us to seek the eternal truths of Christs way But be warned to Arnold discipleship means revolution a transformation that begins within but spreads outward to encompass every aspect of life Here is the raw reality of the Gospel that has power to change the world

Karl Barth Paul S. Chung, 2008-09-05 In this creative and original book Paul S Chung interprets Karl Barth as a theologian of divine action Chung appreciates Barth s dogmatic theology as both contextual and irregular and he retrieves the neglected sides of Barth s thought with respect to political radicalism Israel natural theology and religious pluralism

The Night of the Gods John O'Neill, 1893

The Corpus Hermeticum (Annotated Edition) G. R. S. Mead, 2012 This is the extended and annotated edition including an extensive annotation of almost 10 000 words about the history and basics of Gnosticism written by Wilhelm Bousset The so called Hermetic writings have been known to Christian writers for many centuries The early church Fathers Justin Martyr Tertullian Clement of Alexandria quote them in defense of Christianity Stobaeus collected fragments of them The Humanists knew and valued them They were studied in the sixteenth and seventeenth centuries and in modern times have again been diligently examined by many scholars Contents I Poemander the Shepherd of Men II To Asclepius III The Sacred Sermon IV The Cup or Monad V Though Unmanifest God Is Most Manifest VI In God Alone Is Good And Elsewhere Nowhere VII The Greatest Ill Among Men is Ignorance of God VIII That No One of Existing Things doth Perish but Men in Error Speak of Their Changes as Destructions and as Deaths IX On Thought and Sense X The Key XI Mind Unto Hermes XII About The Common Mind XIII The Secret Sermon on the Mountain

The World Come of Age Lilian Calles Barger, 2018-07-02 On November 16 2017 Pope Francis tweeted Poverty is not an accident It has causes that must be recognized and removed for the good of so many of our brothers and sisters With this statement and others like it the first Latin American pope was associated in the minds of many with a stream of theology that swept the Western hemisphere in the 1960s and 70s the movement known as liberation theology Born of chaotic cultural crises in Latin America and the United States liberation theology was a trans American intellectual movement that sought to speak for those parts of society marginalized by modern politics and religion by virtue of race class or sex Led by such revolutionaries as the Peruvian Catholic priest Gustavo Guti rrez the African American theologian James Cone or the feminists Mary Daly and Rosemary Radford Ruether the liberation theology movement sought to bridge the gulf between the religious values of justice and equality and political pragmatism It combined theology with strands of radical politics social theory and the history and experience of subordinated groups to challenge the ideas that underwrite the hierarchical structures of an unjust society Praised by some as a radical return to early Christian ethics and decried by others as a Marxist takeover liberation theology has a wide raging cross sectional history that has previously gone

undocumented In The World Come of Age Lilian Calles Barger offers for the first time a systematic retelling of the history of liberation theology demonstrating how a group of theologians set the stage for a torrent of new religious activism that challenged the religious and political status quo Sermons Hermes (Trismegistus), George Robert Stow Mead, 1906

The Gods in Twilight Bernard Keble Sandwell, 1948 *Thrice-Greatest Hermes* G. R. S. Mead, 1906 This is the edition including all three books The so called Hermetic writings have been known to Christian writers for many centuries The early church Fathers Justin Martyr Tertullian Clement of Alexandria quote them in defense of Christianity Stobaeus collected fragments of them The Humanists knew and valued them They were studied in the sixteenth and seventeenth centuries and in modern times have again been diligently examined by many scholars G R S Mead has issued a translation of the whole body of extant literature with extended prolegomena commentary etc There is a wide difference of opinion as to the date at which this literature was produced Mead believes that some of the extant portions of it are at least as early as the earliest Christian writings while von Christ assigns them to the third Christian century and thinks that they show the influence of neo Platonism To affirm that they influenced New Testament usage would be hazardous but they perhaps throw some light on the direction in which thought was moving in New Testament times *Embracing Prodigals* John Sanders, 2020-07-31 Do you wonder why some people you know hold theological and political views that blow your mind but they find quite reasonable Today Christians are at odds over how to understand the Bible atonement and salvation of non Christians They are also polarized over issues such as same gender marriage income inequality and health care Two social science models Nurturant and Authoritative explain this divide Values are at the heart of our disagreements Nurturants prize empathy and cooperation while Authoritatives cherish obedience to law and order Each group has distinct core values and these lead them to embrace different theological moral and political views This book explains the divide and makes the case that Jesus embodied the Nurturant way of life He modeled empathy grace forgiveness and care for those beyond his own tribe The Nurturant and Authoritative approaches have competed for thousands of years but contemporary research shows that the Nurturant way of life produces better mental and spiritual health as well as superior communities in which to live **Is God Knowable?**
