Godwinian Novel:

The Godwinian Novel Pamela Clemit, 1993 The Godwinian Novel is a pioneering analysis of the school of fiction inaugurated by William Godwin and developed in the works of his principal followers Charles Brockden Brown and Mary Wollstonecraft Shelley In the first study of these authors as a historically specific group Pamela Clemit argues for a greater unity between Godwin's fictional techniques and his radical political philosophy than has been perceived Her analysis of the works of Brown and Mary Shelley moreover reveals how these writers modified reshaped and redefined Godwin's distinctive themes and techniques in response to shifting ideological pressures in the post revolutionary period Examining prose fiction in a period traditionally seen as dominated by poetry Clemit stresses the necessity for a revised view of British Romanticism Uncovering the links between Godwin's fictional analysis of subjective experience and his progressive political philosophy The Godwinian Novel paves the way for a reappraisal of the apparently quietistic and introspective concerns of other writers of the period

Remaking Romanticism Casie LeGette, 2017-01-20 This book shows that the publishers and editors of the radical press deployed Romantic era texts for their own political ends and for their largely working class readership long after those works original publication It examines how the literature of the British Romantic period was excerpted and reprinted in radical political papers in Britain in the nineteenth century The agents of this story were bound by neither the chronological march of literary history nor by
