Throughout history we have questioned our existence What is reality What are dreams Are we currently living in a dream Are there alternate realities Are the past present and future real Do we have control over our experiences or what we call reality We have numerous questions and as we evolve we discover that much of what we once considered supernatural is in fact natural What is considered occult is just knowledge that has been hidden from us At some point we began to refer to our reality as The Matrix Many people who access occult knowledge do so in order to gain control over others or manipulate our understanding of reality for their own benefit Accessing this occult and natural knowledge is essential for anyone who wishes to gain greater control over their existence and to do so we must understand how to escape the control of the Matrix This book contains a brief account of some of my difficult to explain personal experiences and how I came to understand much of them through my personal research escaping the Matrix Accompanying these personal accounts are recommendations of tools materials and most importantly specific procedures to follow to facilitate your exit from this reality and experience your fullest form of existence I invite you to a journey full of adventures in the depths of your consciousness and to know that you are truly a Limitless being
