establishing an authoritative text are freshly examined and assessed Headnotes and footnotes supply the personal literary historical and scientific information necessary to an informed reading of Shelley s varied and allusive verse The present volume includes the Esdaile poems which only entered the public domain in the 1950s printed in chronological order and integrated with the rest of Shelley s early output and Queen Mab the first of Shelley s major poems together with its extensive prose notes The seminal Alastor volume is placed in the detailed context of Shelley s overall poetic development The Scrope Davies notebook only discovered in 1976 furnishes two otherwise unknown sonnets as well as alternative versions of Hymn to Intellectual Beauty and Mont Blanc which significantly influence our understanding of these important poems This first volume contains new datings and makes numerous corrections to long established errors and misunderstandings in the transmission of Shelley s work Its annotations and headnotes provide new perspectives on Shelley s literary philosophical and political development The volumes of The Poems of Shelley form the most comprehensive edition of Shelley s poetry available to students and scholars
