Guilty Secrets:

Vintage Olivia Darling, 2010-10-27 Power Madeleine Arsenault is returning home after her father's death determined to prove that she can save her family's debt-ridden business and run the most prestigious champagne house in France. Lust Kelly Elson's life is about to change in ways the London hotel maid never imagined. Inheriting a vineyard is only the beginning of her thirst for success. Revenge After her marriage to a Hollywood bad boy ends, supermodel Christina Morgan wants to prove she's more than a pretty face. That's why she's set her sights on transforming her ex-husband's California vineyard into a major player. One sparkling prize: A ruthless takeover, a shattering family secret, a scandalous affair. Three women competing to produce the world's best sparkling wine and willing to risk everything to win, unaware that they share a single enemy driven by a secret agenda: a powerful vintner is orchestrating a chilling revenge, igniting a scandal that could bring them all down. From the Paperback edition [The Covent Garden Murder](#) Mike Hollow, 2023-10-19 December 1940 The season of goodwill is overshadowed by the death and destruction of the Blitz. In London's Covent Garden, where the glamour of theatreland rubs shoulders with the capital's busiest fruit and vegetable market, the war has closed the theatres and ruined the market trade. When a daylight air raid hits the Prince Albert Theatre on Drury Lane, rescuers find a man dying in the wreckage. But it wasn't the bomb that caused his fatal injuries; he's been stabbed, and with his dying breath, he whispers what sounds like a fragmented confession. As Detective Inspector John Jago begins to investigate, there's an underlying question he must grapple with: was the murdered man a killer himself? [World as Laboratory](#) Rebecca Lemov, 2006-11-28 A lively and well-researched history of the human engineering field and its broad intellectual and social legacy. The San Francisco Chronicle. Deeply researched. World as Laboratory tells a secret history that's not really a secret. The fruits of human engineering are all around us: advertising, polls, focus groups, the ubiquitous habit of spin practiced by marketers and politicians. What Rebecca Lemov cleverly traces for the first time is how the absurd, the practical, and the dangerous experiments of the human engineers of the first half of the twentieth century left their laboratories to become our day-to-day reality. Eye-opening and persuasive. Publishers Weekly. A balanced account of the behaviorists' crusade. Lemov's history provides crucial backstory to contemporary practices in psychology and mass media. Booklist. An often enthralling history of the young science of human behavior and society. San Diego Union Tribune **Secretarial Training** Charles Lee Swem, 1924 **Kind of Cruel** Sophie Hannah, 2012-02-16 The brilliantly chilling seventh crime thriller from the queen of psychological suspense, a must-read for fans of Tana French and Liane Moriarty. Utterly chilling. Observer. Truly hair-raising. Independent on Sunday. Some secrets are so dark you keep them even from yourself. When Amber Hewerdine consults a hypnotherapist as a desperate last resort, she doesn't expect that anything much will change. She doesn't expect it to help with her chronic insomnia. She doesn't expect to hear herself under hypnosis saying words that mean nothing to her. Kind of cruel: kind of cruel words she has seen somewhere before if only she could remember where. She doesn't expect to be

arrested two hours later as a result of having spoken those words out loud in connection with the brutal murder of Katharine Allen a woman she s never heard of Psychoanalysing Ambivalence with Freud and Lacan Stephanie Swales,Carol Owens,2019-11-27 Taking a deep dive into contemporary Western culture this book suggests we are all fundamentally ambivalent beings A great deal has been written about how to love to be kinder more empathic a better person and so on But trying to love without dealing with our ambivalence with our hatred is often a recipe for failure Any attempt therefore to love our neighbour as ourselves or even for that matter to love ourselves must recognise that we love where we hate and we hate where we love Psychoanalysis beginning with Freud has claimed that to be in two minds about something or someone is characteristic of human subjectivity Owens and Swales trace the concept of ambivalence through its various iterations in Freudian and Lacanian psychoanalysis in order to question how the contemporary subject deals with its ambivalence They argue that experiences of ambivalence are in present day cultural life increasingly excised or foreclosed and that this foreclosure has symptomatic effects at the individual as well as social level Owens and Swales examine ambivalence as it is at work in mourning in matters of sexuality and in our enjoyment under neoliberalism and capitalism Above all the authors consider how today s ambivalent subject relates to the racially religiously culturally or sexually different neighbour as a result of the current societal dictate of complete tolerance of the other In this vein Owens and Swales argue that ambivalence about one s own jouissance is at the very roots of xenophobia Peppered with relevant and stimulating examples from clinical work film television politics and everyday life Psychoanalysing Ambivalence breathes new life into an old concept and will appeal to any reader academic or clinician with an interest in psychoanalytic ideas
