Bramhall, 2024-04-02 Some battlefields such as Gettysburg are known to be haunted This book focuses on multiple tales of truly odd and often bizarre paranormal events on the battlefields of the world Some popular stories are de bunked but most of these reports all documented in one place for the first time in this engaging and informative collection are not easily explained and remain a mystery to be pondered becoming modern canon in the centuries long history of strange and unusual war stories **Remembering Conquest** Omar Valerio-Jiménez, 2024-04-30 This book analyzes the ways collective memories of the US Mexico War have shaped Mexican Americans civil rights struggles over several generations As the first Latinx people incorporated into the nation Mexican Americans were offered US citizenship by the Treaty of Guadalupe Hidalgo which ended the war Because the 1790 Naturalization Act declared whites solely eligible for citizenship the treaty pronounced Mexican Americans to be legally

white While their incorporation as citizens appeared as progress towards racial justice and the electorate s diversification their second class citizenship demonstrated a retrenchment in racial progress Over several generations civil rights activists summoned conquest memories to link Mexican Americans poverty electoral disenfranchisement low educational attainment and health disparities to structural and institutional inequalities resulting from racial retrenchments Activists also recalled the treaty s citizenship guarantees to push for property rights protection from vigilante attacks and educational reform Omar Valerio Jim nez addresses the politics of memory by exploring how succeeding generations reinforced or modified earlier memories of conquest according to their contemporary social and political contexts The book also examines collective memories in the US and Mexico to illustrate transnational influences on Mexican Americans and to demonstrate how community and national memories can be used strategically to advance political agendas **The Lost Cause** ,1898 *The Little Book of Modern British Verse* Jessie Belle Rittenhouse,1924 *Littell's Living Age* ,1886 **What Is Remembered Lives** Phoenix LeFae,2025-08-05 Honor the Spirits and Deities of the Otherworld Receive Their Blessings This book is an invitation to connect with the spirits that you sense around you honoring them and sharing their stories so that they may live on and so that you may become your truest self Within these pages you will discover that you can interact with deities your Beloved Dead and the Fae leading to growth and expansion both spiritually and emotionally Learn to reach out beyond the mundane world and commune with other realms of existence Explore hands on techniques for working with intention developing your own Place of Power and negotiating with the spirits that you contact With dozens of exercises as well as instructions for beginners and experienced spiritual practitioners this book is a guide to initiating and sustaining relationships that are more powerful than you could ever imagine *The Book of Sorrow* Sir Andrew Macphail,1916 **Warwickshire Poets** Charles Henry Poole,1914 Catalogue of a collection of privately printed books Bertram Dobell,1891 **The Complete Works of Brann, the Iconoclast ...** William Cowper Brann,1919 Brann, the Iconoclast William Cowper Brann,J.
