Evaluating Educational Programmes And Projects:

Developing and Evaluating Educational Programs for Students with Autism Caroline I. Magyar,2010-11-12 Recent years have witnessed a marked increase both in the number of children diagnosed with autism spectrum disorders ASDs and those placed alongside their typically developing peers in general education classrooms These events bring with them a plethora of challenges particularly in the areas of program design and educational practices Developing and Evaluating Educational Programs for Students with Autism offers systematic evidence based guidelines as well as tools checklists and other resources for creating effective learning environments for students across the autism spectrum and the grade span Planning development implementation and continuous evaluation are examined in detail in this practical volume which features An overview of the ASDs with an emphasis on effective educational practice In depth discussion of the ASD Program Development and Evaluation Protocol A staff training model for personnel working with students with ASD A detailed framework for student support teams and family school collaboration Specific guidelines for conducting needs assessments and student evaluations Case examples of applications of the protocol on the program school and regional levels Developing and Evaluating Educational Programs for Students with Autism is a uniquely rigorous and thorough reference benefiting school psychologists and special education professionals as well as those in allied educational and mental health fields including clinical child school and developmental psychologists psychiatrists and other professionals working with children with autism *Resources in Education* ,1984 **Research in Education** ,1972 Bradley v. Saranac Community Schools; Lansing Association of School Administrators v. Lansing School District Board of Education, 455 MICH 285 (1997) ,1997 106020 **Evaluating Educational and Social Programs** Blaine R. Worthen,Karl R. White,2012-12-06 During the past two decades evaluation has come to play an increasingly important role in the operation of educational and social programs by national state and local agencies Mandates by federal funding agencies that programs they sponsored be evaluated gave impetus to use of evaluation Realization that evaluation plays a pivotal role in assuring program quality and effectiveness has maintained the use of evaluation even where mandates have been relaxed With increased use indeed institutionalization of evaluation in many community state and national agencies evaluation has matured as a profession and new evaluation approaches have been developed to aid in program planning implementation monitoring and improvement Much has been written about various philosophical and theoretical orientations to evaluation its relationship to program management appropriate roles evaluation might play new and sometimes esoteric evaluation methods and particular evaluation techniques Useful as these writings are relatively little has been written about simple but enormously important activities which comprise much of the day to day work of the program evaluator This book is focused on some of these more practical aspects that largely determine the extent to which evaluation will prove helpful **Standards for Evaluations of Educational Programs, Projects, and Materials** Joint Committee on Standards for Educational Evaluation,1981-01-01 A
