Greek Drama for Everyman Frank Laurence Lucas, 1954 **A Printing History of Everyman's Library 1906-1982** Terry Seymour, 2011 The total number of Everyman's Library volumes that still survive somewhere in the world exceeds 70 million Since the inception of the Library in 1906 nearly 1200 unique volumes have been published constantly placing the world's greatest books before a large public A few of these titles proved unpopular and were never reprinted But most were reprinted dozens of times packaged in numerous ways and benefited from updated editorial work and book design over the last century Terry Seymour has studied and researched every aspect of this great mass of books He now captures and distills this knowledge in *A Printing History of Everyman's Library 1906-1982* A critical feature of course is to update the various collecting factoids that have emerged since 2005 when his *Guide to Collecting Everyman's Library* was published The meat of the new book however is the Bibliographical Entries section Each volume that has ever been printed receives its own entry detailing every printing each dust jacket variation any new introductions updated scarcity numbers and all relevant notes Typically an entry contains at least six lines of information but often much more In essence each entry is a story written exclusively about each volume Armed with this resource collectors and booksellers can know reliably everything about the Everyman's Library volume that sits on their shelf or is ready to be purchased or sold They will see how a book fits into the total printing history of that title and be able to describe and value the book with precision To further enhance the value of this book color images illustrate all of the key collecting points An extensive index of editors translators and artists is now included Not just a solo effort the *Printing History* has been vetted by other expert collectors ensuring greater accuracy and comprehensiveness **Poems from Greek Antiquity** Random House, 2020-11-24 There is a great deal more to Greek poetry than the Iliad or the Odyssey Shorter masterpieces abound and the lyrical and elegiac poems odes and epigrams in this volume give an unparalleled sampling of them Included here are selections from the early Greek poets from Hesiod Pindar and Bacchylides Alcaeus and Sappho from the later Alexandrian poets Theocritus Bion Apollonius of Rhodes and many more A whole section is devoted to poems from the celebrated Greek Anthology which spans a thousand years from the Classical to the Byzantine age and another to the Anacreontea the delightful collection of odes on the pleasures of drink love and beauty which has been popular for centuries both in the original Greek and in English Excerpts from somewhat longer poems include Percy Bysshe Shelley's Homeric Hymn to Mercury and the hugely entertaining Homeric pastiche *The Battle of the Frogs* and Mice Paul Quarrie's selection of English translations draws fruitfully on the work of lesser known as well as more famous names In these pages poets jostle with Regius Professors of Greek at Oxbridge professional writers and

translators with enthusiastic amateurs including teachers librarians aristocrats diplomats civil servants bankers soldiers and clergymen Historically their translations range from anonymous versions produced in Tudor England through the golden age of translation presided over by George Chapman in the seventeenth century to modern translations by James Michie Fleur Adcock and Robert Fagles The editor provides an informative preface introductions to the Greek Anthology and the Anacreontea and biographies of translators where bibliographical detail is set off by colourful anecdote *Everyman's Encyclopaedia* Ernest Franklin Bozman,1967
