

Green Carnation

Lara Biyuts

Green Carnation:

States of Desire Vicki Mahaffey, 1998-12-03 This book is an intimate study of the three giants in Irish literary history Oscar Wilde William Butler Yeats and James Joyce In addition to constructing a narrative of Irelands political and literary past Vicki Mahaffey interweaves the lives and writing of the authors into a portrait of national imagination shaped not only by a vast cultural and mythic heritage but also by the hard fact of English political domination States of Desire argues that what people desire is fundamentally connected to how they write and read Not only do language and narrative shape desire and vice versa but because these processes are socially conditioned some political circumstances such as those present in Ireland at the turn of the century foster experimental desire more successfully than others Mahaffey s contribution to the critical discourse on literary modernism is to assign a political motive to the art of modernist wordplay in doing so she offers a more compelling and socially driven version of the oft told tale of literary modernism Irish writers she argues sought to disrupt the rigidity of political thinking and social control by turning language into a weapon by opening up infinite new possibilities of meaning and association linguistic play makes it impossible for thought to be monopolized by the state or any other institutional power In this light the text becomes a prism of political cultural and erotic desires a fountain of conscious and unconscious linguistic suggestion Defying semantic control and refuting societal repression Wilde Yeats and Joyce literally fought in their lives and in their work for a freedom of expression which as was painfully evidenced in the case of Wilde was not to be had for the asking The Sunless Parlour Lara Biyuts, *The Secret Life of Oscar Wilde* Neil

McKenna, 2009-03-05 Oscar Wilde said of himself I put all my genius into my life I put only my talent into my work Now for the first time Neil McKenna focuses on the tormented genius of Wilde s personal life reproducing remarkable love letters and detailing Wilde s until now unknown relationships with other men McKenna has spent years researching Wilde s life drawing on extensive new material including never before published poems as well as recently discovered trial statements made by male prostitutes and blackmailers about Wilde McKenna provides explosive evidence of the political machinations behind Wilde s trials for sodomy as well as his central role in the burgeoning gay world of Victorian London Dazzlingly written and meticulously researched *The Secret Life of Oscar Wilde* fully charts Wilde s astonishing odyssey through London s sexual underworld and paints a frank and vivid psychological portrait of a troubled genius **Oscar Wilde, Wilfred Owen, and**

Male Desire James Campbell, 2015-09-08 This book reads Oscar Wilde as a queer theorist and Wilfred Owen as his symbolic son It centers on the concept of male procreation or the generation of new ideas through an erotic but non physical connection between two men and it sees Owen as both a product and a continuation of this Wildean tradition **Weekly**
