

THE GRUDGE

New Killer: Kayako Saeki

Movement Speed: 4.4mps

Terror Radius: 8m-64m

Height: Short

Difficulty: Medium

POWER:

Ju-On

Start the trial as Toshio Saeki a small boy possessing an 8m terror radius. Locate a point of interest and claim it as a haunting location. Toshio is invisible to survivors. Once a location is chosen it will put out a 64m terror radius and Toshio will be switched to Kayako at the center of the map. Any survivor inside of the 64m will briefly see themselves inside the Saeki home, see Toshio next to them, and hear his cat screech notifying them that they are inside the haunting location. Afterwards everything will fade back to normal. The survivor nearest to the center of the zone when the 3 second timer ends will become the target of the "grudge" and have their aura shown to Kayako for 3 seconds.

The "Grudge" effect: When a survivor is marked by Kayako they will give off a ping effect every 30 seconds. With a 60 second cooldown Kayako may teleport to the location of that ping and emerge half first from her shadow cast on a nearby surface. After teleporting Kayako will have no terror radius for 8 seconds. After that time she will regain a normal 32m terror radius. If Kayako puts the survivor with the grudge effect into the dying state she can draw them and herself back to the center of the haunting location before carrying them to a hook. After each successful hook Kayako may use her 60 second cooldown power to place a new haunting location by switching back to Toshio.

Traversal Ability: Kayako can choose to enter a crawling stance. When in this stance she will travel at 4.4mps, and be able to crawl under pallets, but be unable to injure survivors. It takes 1 second to enter and 2 seconds to leave this stance. Kayako can also choose to enter lockers in this stance where she will emit no terror radius.

Anti Loop: Once Kayako has acquired a stack of Bloodlust, she can trade all bloodlust stacks in order to plant an invisible trap that lasts 15 seconds. If a survivor gets within 3m of the trap it will trigger and Toshio will instantly appear and screech at them with arms extended. Toshio will become a solid barrier and if the survivor collides with Toshio in any way they will be slowed by 5% for 8 seconds.

Hex Unleashing Victim
Whenever a totem is blessed or cleansed, a doll totem will become a hex totem. The survivor who conducted the action will be cursed. For them every totem will appear as a hex totem (even cleansed locations), every chest as already opened, every breakable door as intact and every generator as having no progress until interacted with. This effect will last until the totem is blessed or cleansed or for 3:00 minutes after which totem will extinguish itself. Once deactivated the hex can re-activate on a new survivor.

Sacrificial Restocking
After you have hooked 4 unique survivors on sacrificial hooks, **Sacrificial Restocking** activates temporarily restoring the first hex totem cleansed or blessed during the trial for 3:00 minutes. In the case of totem collecting teams their totem count will be reset to zero. During this time the hex cannot be cleansed. If no hex has been cleansed or blessed, then one will randomly be protected for half of the normal period.

Savage Hook: Eternal Grudge
The totem becomes obsessed with one survivor. Whenever the obsession works on a generator it becomes shrouded in darkness for all nearby survivors, causing the blindness and obtuse status effects. If the obsession is unhooked from a Savage Hook they can work on generators, but for the next 30:00 seconds their progress on the current generator will reduce progress on other active gens at a 50%/50% rate.
