a subject of me Champagne's betrayal of these confounding dictates began before they were even spoken and she soon started both writing and hiding the truth about whom she was becoming The hilarious heartbreaking essays in this collection trace the evolutions of this girlhood of competing languages ethnicities aesthetics politics and class constraints against the backdrop of a boozy New Orleans upbringing In these essays Champagne and members of her family love poorly and hate well whip and get whipped pray and curse in two languages steal from The Man and give to themselves kiss where it hurts poke where it hurts worse and keep and spill each other's secrets first face to face then on the page They believe and doubt and reckon with the stories they tell about themselves and where they come from finally becoming most human most alive in their connections to one another

and priorities in the office Divisions that lead to walls instead of bridges For the first time in history up to five generations find themselves working alongside each other in a typical company The result There can be division Interactions between people from different generations can resemble a cross cultural relationship Both usually possess different values and customs At times each generation is literally speaking a different language How can we hope to work together when we can't even understand each other This book provides the tools to Get the most out of the strengths of each age group on your team Foster effective communication instead of isolation among people Build bridges rather than walls so that loneliness becomes connectedness Connect people to learn how both veterans and rookies can mentor each other
