

How to Find a Bible Reference

Finding your way around a Bible can be very confusing. Each reading from the Bible is shown in a certain way, like this:

Use the index or contents page of the Bible you are reading to find the book in the Bible for the readings. In this example you would look for '1 Corinthians'.

Each book is then separated into chapters. The chapter in this example is chapter 13.

Each chapter is split into verses. The number after the colon will always refer to the verse. In this example, the verses are numbered 4 to 8. There may be one verse or a range of verses in the reference.

In most Bibles you will find these verse numbers printed very small next to the verses on the page.
