Encyclopedia of Cryptozoology Michael Newton, 2016-10-05 On every continent and in every nation animals unrecognized by modern science are reported on a daily basis People passionately pursue these creatures the name given to their field of study is cryptozoology Coined in the 1950s the term literally means the science of hidden animals When the International Society of Cryptozoology ISC was formed in 1982 the founders declared that the branch of science is also concerned with the possible existence of known animals in areas where they are not supposed to occur either now or in the past as well as the unknown persistence of presumed extinct animals to the present time or to the recent past what makes an animal of interest to cryptology is that it is unexpected This reference work presents a flesh and blood view of cryptozoology Here 2 744 entries are listed the majority of which each describe one specific creature or type of creature Other entries cover 742 places where unnamed cryptids are said to appear profiles of 77 groups and 112 individuals who have contributed to the field descriptions of objects and events important to the subject and essays on cryptotourism and hoaxes for example Appendices offer a timeline of zoological discoveries annotated lists of movies and television series with cryptozoological themes a list of crypto fiction titles and a list of Internet websites devoted to cryptozoology

Outbreak! Hilary Evans, Robert E. Bartholomew, 2009 From fads crazes and manias to collective delusions scares panics and mass hysterias history is replete with examples of remarkable social behavior Many are fueled by fear and uncertainty others are driven by hope and expectation For others still the causes are more obscure This massive collection of extraordinary social behaviors spans more than two millennia and attempts to place many of the episodes within their greater historical and cultural context Perhaps the most well known example of unusual collective behavior occurred in 1938 when a million or more Americans were frightened or panicked after listening to a realistic radio drama about a Martian invasion of New Jersey based on an adaptation of the H G Wells novel War of the Worlds Less known but equally remarkable scares based on Wells book occurred in Chile in 1944 when Army units were mobilized in Ecuador in 1949 when

riots broke out leaving more than a dozen dead as well as in Buffalo in 1968 Rhode Island in 1974 and Europe in 1988 and 1998 The modern civilized world is by no means immune to such peculiar episodes In the late 20th century scores of people in the U S and Europe were wrongly incarcerated following claims of Satanic ritual abuse by authorities untutored in False Memory Syndrome This episode recalls the European witch terror of the late Middle Ages when innocent people were tortured and executed for consorting with the Devil based on the flimsiest of evidence
