Maney, 2021-04-15 Of the original Gilded Age historian Richard Hofstadter wrote There is no other period in the nation s history when politics seems so completely dwarfed by economic changes none in which the life of the country rests so completely in the hands of the industrial entrepreneur The era of William Jefferson Clinton s ascent to the presidency was strikingly similar nothing less Clinton himself said than a paradigm shift from the industrial age to an information technology age from the Cold War to a global society How Bill Clinton met the challenges of this new Gilded Age is the subject of Patrick J Maney s book an in depth perspective on the 42nd president of the United States and the transformative era over which he presided **Bill Clinton New Gilded Age President** goes beyond personality and politics to examine the critical issues of the day economic and fiscal policy business and financial deregulation healthcare and welfare

reform and foreign affairs in a post Cold War world But at its heart is Bill Clinton in all his guises the first baby boomer to reach the White House the natural the most gifted politician of his generation but one with an inexplicably careless and self destructive streak the Comeback Kid repeatedly overcoming long odds the survivor frequently down but never out and with Hillary Rodham Clinton part of the most controversial First Couple since Franklin and Eleanor Roosevelt Maney s book is in sum the most succinct and up to date study of the Clinton presidency invaluable not merely for understanding a transformative era in American history but presidential national and global politics today **Clinton's Elections** Michael Nelson,2020-02-21 In the presidential elections of 1980 1984 and 1988 the three Democratic nominees won an average of about 10 percent of the Electoral College vote a smaller share than any party in any three consecutive presidential elections in US history In the next seven elections Democrats won the popular vote in all but one 2004 a feat not achieved by a political party since the Democratic Party s inception in the 1820s What separated these record setting runs was the election and presidency of Bill Clinton whose pivotal role in ushering in a new era of American politics for better and for worse this book explores Perhaps because Clinton s presidency was hobbled by six years of divided government ended in a sex scandal and impeachment and was sandwiched between Republican administrations it is easy to forget that he revived a presidential party that had become nearly moribund In Clinton s Elections Michael Nelson describes how by tacking relentlessly to the center Clinton revived the Democrats presidential fortunes but also paradoxically effectively erased the center in the process introducing the new political reality of extreme partisan divisiveness and dysfunctional government Tracing Clinton s place in American politics from his emergence as a potential nominee in 1988 to his role in political campaigns right up to 2016 Nelson draws a deft portrait of a savvy politician operating in the midst of divided government and making strategic moves to consolidate power and secure future victories With its absorbing narrative and incisive analysis his book makes sense of a watershed in the modern American political landscape and lays bare the roots of our current era of political dysfunction

42 Michael Nelson,Barbara A. Perry,Russell L. Riley,2016-07-08 This book uses hundreds of hours of newly opened interviews and other sources to illuminate the life and times of the nation s forty second president Bill Clinton Combining the authoritative perspective of these inside accounts with the analytic powers of some of America s most distinguished presidential scholars the essays assembled here offer a major advance in our collective understanding of the Clinton White House Included are path breaking chapters on the major domestic and foreign policy initiatives of the Clinton years as well as objective discussions of political success and failure p 42 is the first book to make extensive use of previously closed interviews collected for the Clinton Presidential History Project conducted by the Presidential Oral History Program of the University of Virginia s Miller Center These interviews recorded by teams of scholars working under a veil of strict confidentiality explored officials memories of their service with President Clinton and their careers prior to joining the administration Interviewees also offered political and leadership lessons they had gleaned as eyewitnesses to and shapers of

history Their spoken recollections provide invaluable detail about the inner history of the presidency in an age when personal diaries and discursive letters are seldom written The authors producing this volume had first access to more than fifty of these cleared interviews including sessions with White House chiefs of staff Mack McLarty and Leon Panetta Secretaries of State Warren Christopher and Madeleine Albright National Security Advisors Anthony Lake and Sandy Berger and a host of political advisors who guided Clinton into the White House and helped keep him there This book thus provides a multidimensional portrait of Bill Clinton s administration drawing largely on the observations of those who knew it best p Contributors Spencer D Bakich University of Richmond Brendan J Doherty United States Naval Academy Patrick T Hickey West Virginia University p Elaine Kamarck Center for Effective Public Management Brookings Institution Sidney M Milkis University of Virginia Megan Moeller University of Texas at Austin Michael Nelson Rhodes College and the Miller Center University of Virginia p Bruce F Nesmith Coe College ppBarbara A Perry Miller Center University of Virginia ppPaul J Quirk University of British Columbia ppRussell L Riley Miller Center University of Virginia Andrew Rudalevige Bowdoin College Robert A Strong Washington and Lee University Sean M Theriault University of Texas at Austin *The Age of Deficits* Iwan W. Morgan,2009 This first historical study of U S budget policy covering the last three decades places the budget at the center of modern American politics and adds an important dimension to the understanding of recent events **The Modern American Presidency** Lewis L. Gould,2009 The Modern American Presidency is a lively interpretive synthesis of 20th century leaders filled with intriguing insights into how the presidency has evolved as America rose to prominence on the world stage Gould traces the decline of the party system and the increasing importance of the media resulting in the rise of the president as celebrity 36 photos **Bill Clinton** Michael Schuman,2003 Although he still awaits the judgment of time and historians Bill Clinton will surely rank as one of America s most controversial leaders Despite being rocked by scandal Clinton managed to balance the federal budget push for welfare and health reforms and maintain a high popularity rating among the American people In *Bill Clinton Revised Edition* author Michael A Schuman examines the president s dramatic rise to the top as well as the strengths and flaws of his character The Whitewater and Monica Lewinsky scandals as well as President Clinton s impeachment trial are thoroughly examined in this updated book Book jacket **Bill Clinton: Great expectations** Nigel Hamilton,2003 Bill Clinton forty second president of the United States is the quintessential baby boomer on the one hand blessed with a near genius IQ on the other beset by character flaws that made his presidency a veritable soap opera of high ideals distressing incompetence model financial stewardship and domestic misbehavior In an era of cultural civil war the Clinton administration fed the public an almost daily diet of scandal and misfortune Who is Bill Clinton though and how did this baby boom saga begin Clinton s upbringing in Arkansas and his student years at Georgetown Oxford and Yale universities help us to see his life not only as a personal story but as the story of modern America Behind the closed doors of the house on the hill above Park Avenue in Hot Springs the struggle between Clinton s stepfather and mother

became ultimately unbearable causing Virginia to move out and divorce Roger Clinton Dreading confrontation Bill Clinton excelled in almost every field save athletics But the fabled success of the scholarship boy would be marred by the decisions he came to make regarding Vietnam and military service choices that haunt him to this day We watch with a mixture of alarm fascination and awe as Bill Clinton does so much that is right and so much that is wrong He sets his cap for the star student at Yale young Hillary Rodham seducing her with his dreams of a better America and an aw shucks grin Wherever he goes he charms and disarms young and old men and women and more women He becomes a law professor straight out of college he contests a congressional election in his twenties and almost wins it He becomes attorney general of his state and within two years is set to become the youngest ever governor of Arkansas at only thirty two Yet always there is a curse a drive toward personal self destruction and with that the destruction of all those who are helping him on his legendary path His affair with Gennifer Flowers strains his marriage and later nearly scuttles his bid for the presidency He is thrown out of the governor s office after only one term and suffers a life shaking crisis of confidence Though with the stalwart help of a female chief of staff he regains his crown it is clear that Bill Clinton s charismatic career is a ceaseless tightrope walk above the forces that threaten to pull him down the most potent of them residing in his own being Imbued with sympathy deep intelligence and the storyteller s art this extraordinary biography helps us at last to understand the real Bill Clinton as he stumbles and withdraws from the 1988 presidential nomination race but enters it four years later to make one of the most astonishing bids for the presidency in the twentieth century the climax of this gripping political social and scandalous journey *Chronic Politics* Philip J. Funigiello, 2005 Funigiello unlocks the puzzle of why the United States has never guaranteed its citizens health security comparable to that enjoyed by people of other first world nations and he tells what needs to happen for policy reform to take place Examining specific episodes in the history of health care financing he highlights the importance of key individuals in the legislative process the political haggling involved in shaping a bill the clash of personalities and agendas that determines its fate and the extent to which American ideas about fairness are reflected in the result BOOK JACKET

The Publishers Weekly, 1879 **The Liberals' Moment** Bruce Miroff, 2009 Revisits the largely forgotten story of how the McGovern campaign represented the zenith of sixties style liberalism and how its historic defeat still haunts Democrats to this day and in the process identifies what Democrats must do before they can reassume their role as agents of progressive change **Reinventing Richard Nixon** Daniel E. Frick, 2008 Examining Nixon s autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon s version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon s state funeral at which Bob Dole s eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed

statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick s probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements **BOOK JACKET** **Cowboys Into Gentlemen** Thomas J. Schaeper, Kathleen Schaeper, 1998 Each year thirty two seniors at American universities are awarded Rhodes Scholarships These students then spend two or three years studying at the University of Oxford in Britain The authors present the results of their study of Rhodes Scholars and of a comparative history of British and American education and society over the past century Preface p xi xii *Referral from Independent Counsel Kenneth W.
