America's First Ladies of the Twentieth Century Marian Bernice Forest, 1929 **First Impressions** Amy Sullivan, 2018 The Presidential Inaugural Ball is a special moment for every president's wife because it is her first official public appearance as first lady of the United States Historically the manner in which the first lady presents herself in the way she dresses often contributes to her public image Scrutiny from the media includes a focus on what she wears to the inauguration as well as examination and analysis of her inaugural ball gown that evening The gowns have a tradition of setting the tone for the first lady in the new administration as well as providing glimpses of a first lady's personality The gown gives the world a look at her personal style and a glimpse at her potential influence on fashion trends Most first ladies recognize and understand the expectations of the role and what it means to the public Some however have questioned why their appearance should matter so long as they are true to themselves In positions of power though appearances are important because the media can use fashion as a lens to filter and interpret information to the public Research on the news media coverage of first ladies and their inaugural gowns identified four themes Feminism and the media's reflection of society's changing views of the first lady's role the media's descriptions of first ladies specifically references to their dress sizes and their physique ethnocentrism and the fashion industry's unbridled interest in and reliance on what the first lady wears and the perspective of moderation in that the inaugural gown should be nice but not too expensive Each theme has an intrinsic news value interjected into that coverage as revealed by Herbert J Gans Individualism altruistic democracy

ethnocentrism and moderatism respectively The media's tendency to fixate on the first lady's fashion style and clothing choices is best described as a fascination almost an obsession at times beginning with her selection of the inaugural gown This thesis examines newspaper and magazine coverage and reaction to inaugural gowns from First Ladies Jackie Kennedy in 1961 to Michelle Obama in 2009

Presenting the Past Susan Porter Benson, Stephen Brier, Roy Rosenzweig, 1986 In recent years history has been increasingly popularized through television docudramas history museums paperback historical novels grassroots community history projects and other public representations of historical knowledge This collection of lively and accessible essays is the first examination of the rapidly growing field called public history Based in part on articles written for the *Radical History Review* these eighteen original essays take a sometimes irreverent look at how history is presented to the public in such diverse settings as children's books Colonial Williamsburg and the Statue of Liberty *Presenting the Past* is organized into three areas which consider the role of mass media *Packaging the Past* the affects of applied history *Professionalizing the Past* and the importance of grassroots efforts to shape historical consciousness *Politicizing the Past* The first section examines the large scale production and dissemination of popular history by mass culture The contributors criticize many of these Hollywood and Madison Avenue productions that promote historical amnesia or affirm dominant values and institutions In *Professionalizing the Past* the authors show how non university based professional historians have

also affected popular historical consciousness through their work in museums historic preservation corporations and government agencies Finally the book considers what has been labeled people s history oral history projects slide shows films and local exhibits and assesses its attempts to reach such diverse constituents as workers ethnic groups women and gays Of essential interest to students of history Presenting the Past also explains to the general reader how Americans have come to view themselves their ancestors and their heritage through the influence of mass media popular culture and public history Author note Susan Porter Benson is Associate Professor and Chair of History at Bristol Community College in Massachusetts Stephen Brier is Director of the American Social History Project and Senior Research Scholar at the Graduate Center City University of New York Roy Rosenzweig is Associate Professor of History and Director of the Oral History Program at George Mason University in Virginia

Presidential Temples Benjamin Hufbauer,2005 This book explores the visual and material cultures of presidential commemoration memorials and monuments libraries and archives and the problematic ways in which presidents themselves have largely taken over their own commemoration The author sees these various commemorative sites as playing a key role in the construction of our collective political and cultural self images and as another sign of our preoccupation with celebrity culture Ultimately he contends these presidential temples reflect not only our civil religion but also the extraordinary expansion of executive authority and presidential self commemoration since FDR

Robert B. Widder,1966 **Fashionable First Ladies** Carol Laird,2014-06-10 From their dignified swearing in ceremony outfit to their choice of Inaugural Ball gown America's First Ladies make news in the world of fashion and several have become trendsetters with their distinct personal style and great panache on the national stage Fashionable First Ladies explores the fashion sense of all the First Ladies noting important firsts and signature looks such as Jacqueline Kennedy's incomparable taste and style which was firmly rooted in her extensive knowledge of art and history Pat Nixon's distinction of being the first wife of the president to wear pants in public in 1972 Nancy Reagan's favored red colored designer ensembles Mamie Eisenhower's ever present hairstyle with bangs and Rosalynn Carter's frugal reuse of the Inaugural gown she wore to her husband's inauguration as governor six years earlier Also featured are First Ladies whose clothes style and fashion sense had political consequences in their day such as Mary Todd Lincoln's lavish spending on clothes and jewelry while the nation was at war and the on going controversy of how revealing First Lady gowns should be from Frances Cleveland being petitioned by the Women's Temperance Union in the 1880s to cover her shoulders and set a better morale example to Florence Harding's Jazz Age evening gowns of bared shoulders and Grace Coolidge's sleeveless flapper gowns just forty years later America's First Ladies sometimes led and often reflected the fashions of their times but their unique interpretation of fashion and style has become a venerated cultural institution **The Ladies' Home Journal** ,1893

What to See in Washington and where to Go ,1923 **Nancy Reagan** James G. Benze,2005 Many thought of her as Queen Nancy Others as the Dragon Lady But for millions of Americans Nancy Reagan was the always smiling and deeply admiring presidential spouse who stood by her man that image lingers still in the touching picture of a bereaved widow at her husband's casket Nancy Reagan has stirred passionate defenders and acerbic critics in many books and the media James Benze however is the first biographer to discuss the effect of her acting background on her tenure as first lady Unlike earlier biographers he focuses on the way she applied her acting skills to meet the demands of her greatest supporting role As part of a movie troupe Nancy Davis often had the job of flattering the lead actor or helping a star create an outstanding performance As first lady Nancy Reagan did all of this and more whether supplying the president with a missing line at Bitburg or steering him away from the abortion controversy Always outspoken and a target for feminists and others she remained the consummate supporting actor always helping the star Benze portrays Nancy Reagan as a forceful presence behind the Oval Office's closed doors unafraid to take on Donald Regan or Oliver North He documents her clear influence on presidential appointments links her quirky penchant for astrology to her show business past and traces the creation of the Just Say No program to her years in Sacramento showing that it far exceeded the public relations motivation that her detractors claimed Benze reveals how living on a public stage exacerbated the problems in the Reagans relationship with their children which went from bad to worse during the White House years He also covers Nancy Reagan's post Washington life including her vigilant care of the president as he struggled with Alzheimer's disease and her subsequent advocacy of

stem cell research that put her at odds with the GOP While Ronald Reagan was the star performer of his presidency his wife glided elegantly at his side as an accomplished co star Benze s book strikes a balance between the images of adoring helpmate and manipulative manager showing us the woman behind the stereotypes and offering a more objective understanding of her place in the history of presidential wives
