A Survival guide to the Prado Museum is a guide for the untrained for those that believe they don't understand art and for those that have ended up having to or wanting to spend some time in the Prado and who also want to make the most of their visit In this guidebook you will find a selection of commented paintings The selection is personal and it is backed by my robust education in art and art history This is a selection of paintings that I appreciate enjoy or just plain love in the museum These are the paintings that I would like to share with you The selection includes most of the museum's masterpieces and better known paintings However you will also find several paintings which don't usually make the cut for Prado guidebooks I would like to add that this was not an easy task selecting the 20 paintings and 14 artists that I have included in this guide considering that there are over 7 000 paintings in the Prado's collection This is not a comprehensive guide for the Prado but a guide meant to enhance your visit which is usually limited to a couple of hours and the aim of this book is that you leave the museum feeling you have not wasted your time and that perhaps you even had a good time
