Gorbachevs Failure In Lithuania:

Gorbachev's Failure in Lithuania Alfred Erich Senn, 1995-06-19 The world watched first in fascination then in horror and eventually in amazement From 11 to 14 January 1990 Mikhail Gorbachev went to Lithuania to persuade the leaders of that rebel Soviet republic to remain within the traditional Soviet system from 11 to 13 January 1991 Soviet troops killed unarmed civilians in Vilnius in an effort to persuade the people of Lithuania to overthrow their leaders then in September 1991 Gorbachev presiding over the collapse of the Soviet Union recognized Lithuanian independence It was Lithuania above all that demonstrated to the world the empire s bankruptcy The book takes the reader into the maelstrom of politics in three different capitals during the period 1988 91 In Vilnius Lithuanians surged forward in what they called their national rebirth in Moscow Gorbachev struggled to maintain his position in a crumbling empire and in Washington the administration doggedly supported Gorbachev as the foundation of its East European policy In the end the Lithuanians in a remarkable display of peaceful non violent resistance were the only ones to achieve their ambitions [Nationalist Mobilization and the Collapse of the Soviet State](#) Mark R. Weeks, 2015-12-04 The inhabitants of Vilnius the present day capital of Lithuania have spoken various languages and professed different religions while living together in relative harmony over the years The city has played a significant role in the history and development of at least three separate cultures Polish Lithuanian and Jewish and until very recently no single cultural linguistic group composed the clear majority of its population *Vilnius between Nations 1795 2000* is the first study to undertake a balanced assessment of this particularly diverse city Theodore Weeks examines Vilnius as a physical entity where people lived worked and died as the object of rhetorical struggles between disparate cultures and as a space where the state attempted to legitimize a specific version of cultural politics through street names monuments and urban planning In investigating these aspects Weeks avoids promoting any one national narrative of the history of the city while acknowledging the importance of national cultures and their opposing myths of the city s identity The story of Vilnius as a multicultural city and the negotiations that allowed several national groups to inhabit a single urban space can provide lessons that are easily applied to other diverse cities This study will appeal to scholars of Eastern Europe urban studies and multiculturalism as well as
