It's All One Case Paul Nelson, Kevin Avery, 2016-09-13 This is a prose series of unpublished interviews with and a visual retrospective of the seminal mid to late 20th century literary crime writer In 1976 critic Paul Nelson spent several weeks interviewing legendary detective writer Ross Macdonald who elevated the form to a new literary level We talked about everything imaginable Nelson wrote including Macdonald's often meager beginnings his dual citizenship writers painters music and movies he admired *The Great Gatsby* his favorite book how he used symbolism to change detective writing and more This book published in a handsome oversized format collects these unpublished interviews and is a visual history of Macdonald's professional career It is illustrated with rare and select items from one of the world's largest private archives of Macdonald ephemera reproduces in full color the covers of the various editions of Macdonald's more than two dozen books collects facsimile reproductions of select pages from his manuscripts as well as magazine spreads and presents rare photos many never before seen

Ross MacDonald Tom Nolan, 2015-07-07 When he died in 1983 Ross Macdonald was the best known and most highly regarded crime fiction writer in America Long considered the rightful successor to the mantles of Dashiell Hammett and Raymond Chandler Ross Macdonald and his Lew Archer novels were hailed by *The New York Times* as the finest series of detective novels ever written by an American Now in the first full length biography of this extraordinary and influential writer a much fuller picture emerges of a man to whom hiding things came as second nature While it was no secret that Ross Macdonald was the pseudonym of Kenneth Millar a Santa Barbara man married to another good mystery writer Margaret Millar his official biography was spare Drawing on unrestricted access to the Kenneth and Margaret Millar Archives on more than forty years of correspondence and on hundreds of interviews with those who knew Millar well author Tom Nolan has done a masterful job of filling in the blanks between the psychologically complex novels and the author's life both secret and overt Ross Macdonald came to crime writing honestly Born in northern California to Canadian parents Kenneth Millar grew up in Ontario virtually fatherless poor and with a mother whose mental stability was very much in question From the age of twelve young Millar was fighting stealing and breaking social and moral laws by his own admission he barely escaped being a criminal Years later Millar would come to see himself in his tales wrongdoers I don't have to be violent he said My books are How this troubled young man came to be one of the most brilliant graduate students in the history of the University of Michigan and how this writer who excelled in a genre all too often looked down upon by literary critics came to have a lifelong friendship with Eudora Welty are all examined in the pages of Tom Nolan's meticulous biography We come to a sympathetic understanding of the Millars long and sometimes rancorous marriage and of their life in Santa Barbara California with their only daughter Linda whose legal and emotional traumas lie at the very heart of the story But we also follow the trajectory of a literary career that began in the pages of *Manhunt* and ended with the great respect of such fellow writers as Marshall McLuhan Hugh Kenner Nelson Algren and Reynolds Price and the longtime distinguished
