The Gospels, Historical William Henry Furness, 1895 *The Dictionary of the Bible and Ancient Media* Tom Thatcher, Chris Keith, Raymond F. Person, Jr., Elsie R. Stern, 2017-10-19 The Dictionary of the Bible and Ancient Media is a convenient and authoritative reference tool introducing specific terms and concepts helpful to the study of the Bible and related literature in ancient communications culture Since the early 1980s biblical scholars have begun to explore the potentials of interdisciplinary theories of oral tradition oral performance personal and collective memory ancient literacy and scribality visual culture and ritual Over time these theories have been combined with considerations of critical and exegetical problems in the study of the Bible the history of Israel Christian origins and rabbinics The Dictionary of the Bible and Ancient Media responds to the rapid growth of the field by providing a source of reference that offers clear definitions and in depth discussions of relevant terms and concepts and the relationships between them The volume begins with an overview of ancient media studies and a brief history of research to orient the reader to the field and the broader research context of the book with individual entries on terms and topics commonly encountered in studies of the Bible in ancient media culture Each

entry defines the term concept under consideration then offers more sustained discussion of the topic paying particular attention to its relevance for the study of the Bible and related literature The Gospels Address Book Ebury Press, Ebury Press Staff, 1998-07-01 *Using the Bible in Public Address* Ozora Stearns Davis, 1916 **Bible Student and Religious Outlook**, 1906 **A Harmonized Exposition of the Four Gospels** Andrew Edward Breen, 1908 The Ethical Vision of the Bible Peter W. Gosnell, 2014-04-01 This introduction to the world of biblical ethics walks readers through the ethical teachings of key people and texts within the Bible Instead of focusing on what the Bible says about various ethical issues it emphasizes how the different parts of the Bible encourage its readers to think ethically about every issue **Bible Society Record**, 1890 **A concise harmony of the four Gospels**, 1888 **Community, Law and Mission in Matthew's Gospel** Paul Foster, 2004 Revision of the author's thesis doctoral University of Oxford 2002 **Christian Faith and Life**, 1926 *Addresses on the Gospel of Luke* H. Ironside, 2014-06-10 In taking up the study of any one of the Gospels it is always well to look at it in relation to the other three We have four Gospels in the New Testament and the questions are often asked Why are there four and Why do they differ one from the others as they do and Would it not have been just as easy to have given us one continuous biography of Christ rather than four accounts all written by different writers This was not God's desire By giving us four different records written by four different men we have a stronger foundation for our faith in the stories of the birth life death and resurrection of our Lord Jesus Christ We are told in Matthew 18:16 In the mouth of two or three witnesses every word may be established God has given us this testimony not only from three but four witnesses each one written by the guidance of the Holy Spirit **The Missing Link Magazine, Or, Bible Work at Home and Abroad**, *The Bible* Henry Tatlock, 1927 *Holiness as demanded and provided by the Gospel.
