to de Boer's concern with Heidegger's attempt to deconstruct metaphysics Heidegger's struggles to come to terms with Hegel's speculative science especially the manner in which Hegel regards his own project as founded upon an understanding of time is thus one of the focal points of de Boer's interpretation of Heidegger's deconstruction of metaphysics De Boer argues that it is especially in his reading of Hegel that one sees how deeply Heidegger is committed to the attempt to do justice to the radical finitude of human life and its possible philosophical self-interpretations Her reading of Heidegger shows how his works paved the way for the deconstructive efforts that guide Derrida's thought The Perry Magazine, 1901
