

Feminine Character

**Katherine Melvina Huntsinger
Blackford**

Feminine Character:

The Feminine Character Viola Klein,1971 *The Social Reconstruction of the Feminine Character* Sondra Farganis,1996-06-30 A classic in feminist theory The Social Reconstruction of the Feminine Character is a stimulating and thought provoking book that brings to light the ways in which views of women are shaped by concrete conditions It compares feminism to other contemporary social movements that are raising questions about advanced industrial society In this new edition Farganis includes chapters on feminist legal theory and queer theory and updates the chapters on science reason and morality

La Religieuse: a Stylistic Analysis of Feminine Character Portrayal Susanna Markiewicz,1966 *The Feminine Femmine Character, History of an Ideology* Viola Klein,1948

Female Psychology Eleanor Schuker,Nadine A. Levinson,2020-09-23 This book provides a psychoanalytic perspective on female psychology and includes articles with divergent theoretical viewpoints It is useful for both research and clinical study and may also provide a bridge to scholars teachers and clinicians outside of psychoanalysis itself

When Sex Became Gender Shira Tarrant,2013-05-13 When Sex Became Gender is a study of post World War II feminist theory from the viewpoint of intellectual history The key theme is that ideas about the social construction of gender have its origins in the feminist theorists of the postwar period and that these early ideas about gender became a key foundational paradigm for both second and third wave feminist thought These conceptual foundations were created by a cohort of extraordinarily imaginative and bold academic women While discussing the famous feminist scholars Simone de Beauvoir Margaret Mead the book also hinges on the work of scholars who are lesser known to American audiences Mirra Komarovsky Viola Klein and Ruth Herschberger The postwar years have been an overlooked period in the development of feminist theory and philosophy and Tarrant makes a compelling case for this era being the turning point in the study of gender

Minor Prophets, Part 2 Michael H Floyd,2000-02-14 In this volume Floyd presents a complete form critical analysis of the last six books in the Minor Prophets Nahum Habakkuk Zephaniah Haggai Zechariah and Malachi By looking carefully at the literary genre and internal structure of each book Floyd uncovers the literary conventions that help shape the composition of these prophetic books in their final form His approach yields fresh views of how the parts of each book fit together to make up the whole particularly with respect to Nahum Haggai and Malachi and provides a basis for reconsidering how each book is historically related to the time of the prophet for whom it is named This work will be useful to scholars because it advances the discussion regarding the holistic reading of prophetic books and useful to pastors and students because it shows how analysis of literary form can lead to a more profound understanding of the messages of the Minor Prophets

Student's Course in Characterology Leander Hamilton McCormick,1921

A Comparative Grammar of the Sanskrit, Zend, Greek, Latin, Lithuanian, Gothic, German, and Slavonic Languages Franz Bopp,1885 *The Imperial Encyclopaedic Dictionary* Robert Hunter,1901
