**The Man Within** Graham Greene, 2005-04-26 Greene had wit and grace and character and story and a transcendent universal compassion that places him for all time in the ranks of world literature John le Carré Graham Greene's first published novel tells the story of Andrews a young man who has betrayed his fellow smugglers and fears their vengeance Fleeing from them with no hope of pity or salvation he takes refuge in the house of a young woman also alone in the world Elizabeth persuades him to give evidence against his accomplices in court but neither she nor Andrews is aware that to both criminals and authority treachery is as great a crime as smuggling The first step in a brilliant career The Man Within offers a foretaste of Greene's recurring themes of religion the individual's struggles against cynicism and the indifferent forces of a hostile world This Penguin Classics edition features an introduction by Jonathan Yardley For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators [The Man Within](#) Graham Greene, 2025-01-01T09:01:00Z In *The Man Within* Graham Greene tells a tale of betrayal fear and the struggle for redemption The story follows Francis Andrews a young smuggler who betrays his comrades Haunted by guilt and fear he flees into the countryside desperate to escape his new foes He finds shelter in an isolated cottage inhabited by a solitary young woman As his enemies close in Andrews must confront his own cowardice and inner demons as well as the consequences of his actions The novel explores themes of guilt redemption the nature of courage and cowardice and the complex relationship between one's inner beliefs and outward actions Set against the backdrop of the English countryside *The Man Within* offers an exploration of human nature choice and consequence and the possibility of finding redemption even in the darkest of circumstances This book is part of the Standard Ebooks project which produces free public domain ebooks [Graham Greene's Works](#) Graham Greene, 1956 **Graham Greene** Michael Shelden, 1995 AMENDED ENTRY Previously announced on ISBN 0749319976 weekly list no 16 dated 21st April 1995 [The Man Within](#), 1976 **The Man Within (Principle Edition)** Graham Greene, 2025-04 Graham Greene's debut novel heralds the emergence of one of the twentieth century's most significant literary voices Set against the backdrop of Sussex's rugged coastline this taut psychological thriller follows Francis Andrews a young smuggler haunted by betrayal and his own moral weakness When Andrews betrays his fellow smugglers to the authorities he finds himself caught between competing loyalties to his criminal brotherhood to a woman who offers the promise of redemption and to his own troubled conscience *The Man Within* introduces themes that would define Greene's illustrious career moral ambiguity Catholic guilt and the internal struggle between good and evil Written with the atmospheric intensity and psychological depth that would become his hallmarks this

compelling early work offers readers a fascinating glimpse of Greene's emerging mastery. Though different in style from his later masterpieces, the novel showcases the young author's natural gift for suspense and his penetrating insight into human nature's darkest corners. This expanded volume also includes the complete text of Graham Greene's rare and hard-to-find poetry collection *Babbling* (April 1925).

*The Man Within* (Graham Greene, 1929) is Graham Greene's first published novel, representing for the author one sentimental gesture towards his own past: the period of ambition and hope. It tells the story of Francis Andrews, a young man who has betrayed his fellow smugglers and fears their vengeance. *The Man Within* offers a foretaste of Greene's recurring theme of religion and the individual's struggles against cynicism and the indifferent forces of a hostile world.

**A Common Spring** (Nadya Aisenberg, 1979) discusses the potentialities of the crime novel, its implications, principles, and scope, and its analogy of myth and the fairy tale. She proposes that the detective story and the thriller have made an unacknowledged contribution to serious literature. Her discussion of Dickens, Conrad, and Green indicates that each borrowed many important ingredients from the formulaic novel.

*Works* (Graham Greene, 1968) and *The Man Within* (Principle Edition) (Graham Greene, 2025-09-08) are Graham Greene's debut novel, heralding the emergence of one of the twentieth century's most significant literary voices. Set against the backdrop of Sussex's rugged coastline, this taut psychological thriller follows Francis Andrews, a young smuggler haunted by betrayal and his own moral weakness. When Andrews betrays his fellow smugglers to the authorities, he finds himself caught between competing loyalties: to his criminal brotherhood, to a woman who offers the promise of redemption, and to his own troubled conscience. *The Man Within* introduces themes that would define Greene's illustrious career: moral ambiguity, Catholic guilt, and the internal struggle between good and evil. Written with the atmospheric intensity and psychological depth that would become his hallmarks, this compelling early work offers readers a fascinating glimpse of Greene's emerging mastery. Though different in style from his later masterpieces, the novel showcases the young author's natural gift for suspense and his penetrating insight into human nature's darkest corners. This expanded volume also includes the complete text of Graham Greene's rare and hard-to-find poetry collection *Babbling* (April 1925).

*Postmodern Fiction and the Break-Up of Britain* (Hywel Dix, 2011-11-03) is a study that explores how British identity has been explored and renegotiated by contemporary writers. It starts by examining the new emphasis on space and place that has emerged in recent cultural analysis and shows how this spatial emphasis informs different literary texts. Having first analysed a series of novels that draw an implicit parallel between the end of the British Empire and the break-up of the unitary British state, the study explores how contemporary writing in Northern Ireland, Scotland, and Wales contributes to a sense of nationhood in those places and so contributes to the break-up of Britain symbolically. Dix argues that the break-up of Britain is not limited to political devolution in Northern Ireland, Scotland, and Wales; it is also an imaginary process that can be found occurring on a number of other conceptual coordinates. Feminism, class, regional identities, and ethnic communities are all terrains on which different writers carry out a fictional questioning of

received notions of Britishness and so contribute in different ways to the break up of Britain      **The Man Within My Head** Pico Iyer,2012-01-03 We all carry people inside our heads actors leaders writers people out of history or fiction met or unmet who sometimes seem closer to us than people we know In *The Man Within My Head* Pico Iyer sets out to unravel the mysterious closeness he has always felt with the English writer Graham Greene he examines Greene s obsessions his elusiveness his penchant for mystery Iyer follows Greene s trail from his first novel *The Man Within* to such later classics as *The Quiet American* and begins to unpack all he has in common with Greene an English public school education a lifelong restlessness and refusal to make a home anywhere a fascination with the complications of faith The deeper Iyer plunges into their haunted kinship the more he begins to wonder whether the man within his head is not Greene but his own father or perhaps some more shadowy aspect of himself Drawing upon experiences across the globe from Cuba to Bhutan and moving as Greene would from Sri Lanka in war to intimate moments of introspection trying to make sense of his own past commuting between the cloisters of a fifteenth century boarding school and California in the 1960s one of our most resourceful explorers of crossing cultures gives us his most personal and revelatory book      **Between Human and Divine** Mary Reichardt,2010 An introduction to recent and emerging Catholic literary works and artists      **Intercourse** Andrea Dworkin,2008-08-01 Andrea Dworkin once called Feminism s Malcolm X has been worshipped reviled criticized and analyzed but never ignored The power of her writing the passion of her ideals and the ferocity of her intellect have spurred the arguments and activism of two generations of feminists Now the book that she s best known for in which she provoked the argument that ultimately split apart the feminist movement is being reissued for the young women and men of the twenty first century *Intercourse* enraged as many readers as it inspired when it was first published in 1987 In it Dworkin argues that in a male supremacist society sex between men and women constitutes a central part of women s subordination to men This argument was quickly and falsely simplified to all sex is rape in the public arena adding fire to Dworkin s already radical persona In her introduction to this twentieth anniversary edition of *Intercourse* Ariel Levy the author of *Female Chauvinist Pigs* discusses the circumstances of Dworkin s untimely death in the spring of 2005 and the enormous impact of her life and work Dworkin s argument she points out is the stickiest question of feminism Can a woman fight the power when he shares her bed      *The Wilson Bulletin* ,1929      **The Bookman** ,1930      **Theatre Guild Quarterly** ,1929      *Graham Greene* Michael Shelden,1994-04 Reveals Graham Greene s mysterious double life and identity the respected novelist who was also a spy and whose life was based on deception The author of *The Power and the Glory* *The Third Man* and other distinguished literary works is portrayed in this biography as a man devoted not only to creating works of fiction but also to creating fiction about himself He was highly regarded as a Catholic novelist yet Shelden shows that his faith was one of many masks Greene donned as a cover for a life devoted to misinfo intrigue and mystery Draws on previously unseen material including documents from his MI6 Secret Service dossier and interviews with those who knew him      [The Nation and Athenæum](#)
