

The Golden Thread

The Golden Thread is a metaphor for the continuous, connected way we work in Early Learning and Childcare - linking observation, reflection, planning, action and review. It ensures our decisions are always guided by what's best for the child. This approach is at the heart of Realising the Ambition: Being Me which highlights the importance of a responsive cycle to support each child's individual learning journey.

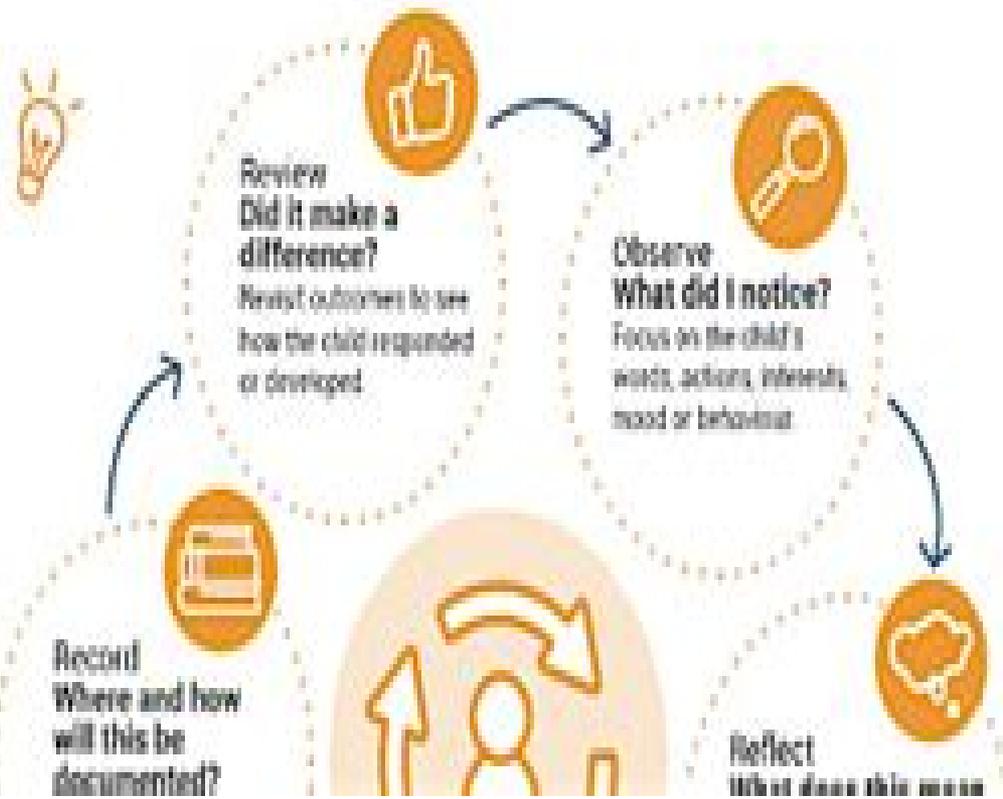

The Golden Thread helps educators stay with children, understand and influence, developing the skills, knowledge and values that are essential for success and help to create high quality learning experiences that best support each child's development.
