Creators and Created Beings in Twentieth-Century Latin American Fiction Amy Frazier-Yoder, 2023-10-24 Characters are made scripted and invented but Creators and Created Beings in Twentieth Century Latin American Fiction explores what occurs when literary creations become creators themselves Representing Latin American fiction s increasingly skeptical gaze in the early to mid twentieth century these literary creators breach the metafictional frame in order to problematize themes including life and death gender and sexuality and technology Drawing upon a diverse range of literary works by canonical and non canonical authors including Jorge Luis Borges Horacio Quiroga Carlos Onetti Julio Cort zar Mar a Luisa Bombal Carlos Fuentes Roberto Arlt Juan Jos Arreola Eduardo Ladislao Holmberg Clemente Palma Adolfo Bioy Casares and Pedro Angelici this study excavates critical ontological and epistemological inquiries and delves into questions of identity power scientific knowledge and the transformative nature of fiction

Abraham Among Golems Andrei A. Orlov, 2024-10-01 In this insightful book Andrei A Orlov examines the symbolism of the image of God found in early Jewish pseudepigraphical accounts paying special attention to the cultic traditions in the Apocalypse of Abraham The study demonstrates that the Jewish pseudepigrapha transform various biblical characters including Enoch Abraham Jacob Moses and Aseneth into eschatological embodiments of the imago Dei The book argues that these cultic metamorphoses preserve memories of ancient Near Eastern and Egyptian rituals involving the vivification of cultic statues The Apocalypse of Abraham and other early Jewish pseudepigraphical accounts attempt to polemically refashion the concept of cultic statues by envisioning their protagonists as divine representations in the form of the eschatological image of God

Varieties of Magic Realism Clark M. Zlotchew, 2007 A Collection of Essays for college courses such as Magical Realism in Latin America Spanish American Fiction

XXth Century Special Topics Jorge Luis Borges and Sex and Magic in Latin American Literature The term magic realism or magical realism has been bruited about with great frequency in the last half of the twentieth century especially in reference to contemporary Latin American literature yet it is not always clear exactly what is meant by this designation In his introduction to this outstanding collection of essays Dr Clark Zlotchew attempts to elucidate the meaning and scope of the term by providing a historical overview of it defining the literary modes often confused with it and offering some current opinions on what a definition of magic realism should or might be The ten essays that follow present an analysis of works by writers such as Jorge Luis Borges Carlos Fuentes Julio Ricci Antonio Brailovsky and Enrique Jaramillo Levi in an attempt to illustrate the manner in which some Latin American authors create their own brand of magic realism
