With Liberty for Some Scott Christianson, 1998 From Columbus voyages to the New World through today's prison expansion movements incarceration has played an important yet disconcerting role in American history In this sweeping examination of imprisonment in the United States over five centuries Scott Christianson exposes the hidden record of the nation's prison heritage illuminating the forces underlying the paradox of a country that sanctifies individual liberty while it continues to build and maintain a growing complex of totalitarian institutions Based on exhaustive research and the author's insider's knowledge of the criminal justice system *With Liberty for Some* provides an absorbing well written chronicle of imprisonment in its many forms Interweaving his narrative with the moving often shocking personal stories of the prisoners themselves and their keepers Christianson considers convict transports to the colonies the international trade in captive indentured servants slaves and military conscripts life under slavery the transition from colonial jails to model state prisons the experience of domestic prisoners of war and political prisoners the creation of the penitentiary and the evolution of

contemporary corrections His penetrating study of this broad spectrum of confinement reveals that slavery and prisons have been inextricably linked throughout American history He also examines imprisonment within the context of the larger society With Liberty for Some is a thought provoking work that will shed new light on the ways in which imprisonment has shaped the American experience As the author writes Prison is the black flower of civilization a durable weed that refuses to die

Inheriting the Trade Thomas Norman DeWolf, 2008 In 2001 at forty seven Thomas DeWolf was astounded to discover that he was related to the most successful slave trading family in American history responsible for transporting at least 10 000 Africans to the Americas His infamous ancestor U S senator James DeWolf of Bristol Rhode Island curried favor with President Thomas Jefferson to continue in the trade after it was outlawed When James DeWolf died in 1837 he was the second richest man in America When Katrina Browne Thomas DeWolf s cousin learned about their family s history she resolved to confront it head on producing and directing a documentary feature film *Traces of the Trade A Story from the Deep North* Inheriting the Trade is Tom DeWolf s powerful and disarmingly honest memoir of the journey in which ten family members retraced the steps of their ancestors and uncovered the hidden history of New England and the other northern states Their journey through the notorious Triangle Trade from New England to West Africa to Cuba proved life altering forcing DeWolf to face the horrors of slavery directly for the first time It also inspired him to contend with the complicated legacy that continues to affect black and white Americans Africans and Cubans today Inheriting the Trade reveals that the North s involvement in slavery was as common as the South s Not only were black people enslaved in the North for over two hundred years but the vast majority of all slave trading in America was done by northerners Remarkably half of all North American voyages involved in the slave trade originated in Rhode Island and all the northern states benefited With searing candor DeWolf tackles both the internal and external challenges of his journey writing frankly about feelings of shame white male privilege the complicity of churches America s historic amnesia regarding slavery and our nation s desperate need for healing An urgent call for meaningful and honest dialogue Inheriting the Trade illuminates a path toward a more hopeful future and provides a persuasive argument that the legacy of slavery isn t merely a southern issue but an enduring American one Exploring the links between a grand Rhode Island mansion and dungeons in Ghana Tom DeWolf traces the infernal trade that gave his family and this country great wealth and power His journey into the past forces painful questions to the surface and illuminates our present Henry Wiencek Winner of the National Book Critics Circle Award and author of *An Imperfect God George Washington His Slaves and the Creation of America* Thomas DeWolf s personal journey into his family s long hidden slave trading past is a compelling invitation to explore how our country and many institutions including churches benefited from this dark chapter Such exploration is essential if we are to move forward to a place of repair and racial reconciliation Frank T Griswold 25th Presiding Bishop of The Episcopal Church Tom DeWolf s deeply personal story of his own journey as well as his family s is required reading for anyone interested in reconciliation Healing from our historic wounds that continue
