Friend Among Enemies:

Friendship in Politics Preston King, Graham M. Smith, 2013-10-18 Previously published as a special issue of the *Critical Review of Social and Political Philosophy* this volume throws light on the place of friendship in politics by connecting theoretical questions to empirical answers Today friendship and politics are most commonly viewed as distinct and mutually opposed concerns Politics tends to be seen as general and impersonal to do with power and hierarchy Friendship by contrast is conceived as particular and intimate relating to equality and fraternity Ancient Greek and Roman thought tended to bring the two together locating friendship as the moral foundation of the political But is this view sound Ought not Friendship to be dismissed by moderns as primitive inefficient nepotistic Freud Or ought it to be promoted as a vital moral constraint on power and the consuming egotism of rulers Plutarch and others The contributors seek to answer these questions directly and indirectly by supplying analyses of the concept critical reconstructions of some crucial modern accounts Kierkegaard Arendt and Schmitt concrete accounts of the actual play of friendship both within and between states

Friends, Enemies, and Strangers Alan Blum, 1979 *Friendship and Otherness in Lucian's ›Toxaris‹* Laura Bottenberg, 2025-03-17 In Lucian's *Toxaris* the characters' speeches play a performative role as they become their deeds of friendship Between irony and self-othering past and present the dialogue negotiates a mixed form of identity by affirming a Hellenocentric position and deconstructing an Athenocentric perspective on Greek culture Eventually both aspects converge as the characters' ability to make speeches on friendship displays their mastery of Greekness This book itself a hybrid of commentary and monograph consists of an introduction which contextualises the dialogue in its cultural philosophical and literary background the Greek text with textual critical notes followed by an English translation and a commentary which is organised according to the central themes of the dialogue the representation of friendship and the deconstruction of stereotypes The commentary helps us to better understand how friendship is approached in this dialogue and how the latter relates to the value of friendship in the context of the Roman imperial period Simultaneously it provides an examination of the way in which different voices serious or deriding Greek or Scythian etc are ambiguously entangled in Lucian's dialogue

Friends' Weekly Intelligencer, 1895 **Friendship's Shadows: Women's Friendship and the Politics of Betrayal in England, 1640-1705** Penelope Anderson, 2012-08-31 Penelope Anderson's original study changes our understanding both of the masculine Renaissance friendship tradition and of the private forms of women's friendship of the eighteenth century and after It uncovers the latent threat of betrayal lurking within politicized classical and humanist friendship showing its surprising resilience as a model for political obligation undone and remade Incorporating authors from Cicero to Abraham Cowley and Margaret Cavendish to Mary Astell the book focuses on two extraordinary women writers the royalist Katherine Philips and the republican Lucy Hutchinson And it explores the ways in which they appropriate the friendship tradition in

order to address problems of conflicting allegiances in the English Civil Wars and Restoration As Penelope Anderson suggests their writings on friendship provide a new account of women s relation to public life organized through textual exchange rather than bodily reproduction
