The Franco-Russian Alliance, 1891-1917 Georges Michon,1929 **The Franco-Russian Alliance, 1891-1917** Georges Michon,1969 **The Franco-Russian Alliance, 1891-1917. Reprinted** Georges Michon,1989 **The Franco-Russian Alliance, 1891-1917** Georges Michon,1929 **The Franco-Russian Alliance, 1890-1894** William Leonard Langer,1929 *Russia and Eastern Europe, 1789-1985* Raymond Pearson,1989 The Crisis in the Franco-Russian Alliance, 1904-1906 Robert Louis Koepke,1960 **The War Guilt Problem and the Ligue des droits de l'homme, 1914-1944** Norman Ingram,2019-01-31 The War Guilt Problem and the Ligue des droits de l homme is a significant new volume from Norman Ingram addressing the history of the Ligue des droits de l homme LDH an organisation founded in 1898 at the height of the Dreyfus Affair and which lay at the very centre of French Republican politics in the era of the two world wars Ingram posits that the Ligue s inability to resolve the question of war guilt from the Great War was what led to its decline by 1937 well before the Nazi invasion of May 1940 As well as developing our understanding of how the issue of war origins and war guilt transfixed the LDH from 1914 down to the Second World War this volume also explores the aetiology of French pacifism expanding on the differences between French and Anglo American pacifism It argues that from 1916 onwards one can see a principled dissent from the Union sacr e war effort that occurred within mainstream French Republicanism and not on the syndicalist or anarchist fringes Based on substantial research in a large number of French archives primarily in the papers of the LDH which were repatriated to France from the former Soviet Union in late 2001 but also on considerable new research in the German archives the book proposes a new explanatory model to help us understand some of the choices made in Vichy France moving beyond the usual triptych of collaboration resistance or accommodation

Alliance Politics Glenn H. Snyder,2007 Glenn H Snyder creates a theory of alliances by deductive reasoning about the international system by integrating ideas from neorealism coalition formation bargaining and game theory and by empirical generalization from international history Using cases from 1879 to 1914 to present a theory of alliance formation and management in a multipolar international system he focuses particularly on three cases Austria Germany Austria Germany Russia and France Russia and examines twenty two episodes of intra alliance bargaining Snyder develops the concept of the alliance security dilemma as a vehicle for examining influence relations between allies He draws parallels between alliance and adversary bargaining and shows how the two intersect He assesses the role of alliance norms and the interplay of concerts and alliances His great achievement in Alliance Politics is to have crafted definitive scholarly insights in a way that is useful and interesting not only to the specialist in security affairs but also to any reasonably informed person trying to understand world affairs *The Nation* ,1930 *Power and the Purse* Jean-Marc F. Blanchard,Edward D. Mansfield,Norrin M. Ripsman,2014-06-03 The essays here address the relationship between economic interdependence and international conflict the political economy of economic sanctions and the role of economic incentives in international statecraft

History, 1930 **The Origins of the World War** Sidney Bradshaw Fay, 1928 I Before Sarajevo underlying causes of the war II After Sarajevo immediate causes of the war *Understanding Soviet Politics* Cyril E. Black, 2020-06-07 To what extent did the Russian revolution of 1917 bring about the changes wanted by the Bolsheviks Why did many of these changes fail to materialize How has the Russian heritage adapted to the challenges facing all modernizing societies What does Russia's past tell us about the present role of the USSR in world affairs In this collection of essays which includes new part and chapter introductions Dr Black discusses these questions examining the major issues that shape our understanding of Soviet politics Beginning with a general exploration of the ways the traditional heritage of the Russian empire has both helped and hindered the adaptation of Soviet society to the contemporary world he illustrates the extent to which the Russian empire was already evolving into a modern society before World War I The author analyzes the modernization of the USSR emphasizing the interaction of tradition and modernity and the ways the Russian heritage of institutions and values has been adapted since 1861 to the needs of political development economic growth and social integration Comparisons are made with a wide range of societies first in 1967 the fiftieth anniversary of the Russian revolution and again in the 1980s The book considers the past and present relations of Russia USSR with the outside world in the context of universal societal changes Dr Black discusses such questions as the differences between the foreign policy objectives of Czarist Russia and the Soviet Union the degree to which Russia USSR has been able to influence other countries through means other than military power and drawing on his experience in Bulgaria the origins of the cold war The book concludes with Dr Black's personal interview with Nikita Khrushchev a discussion that provides rare insights into the thought processes of a leading Soviet statesman at the height of his power *Annual Bulletin of Historical Literature*, 1927 *Italy's Relations with England, 1896-1905* James Linus Glanville, 1934 *The Contemporary Review*, 1930 **Books for All** Providence Public Library (R.I.), 1930
