**K. T. Roberts**

## **Elusive Justice:**

**When Justice Is a Game** MaDonna Maidment, 2021-01-10T00:00:00Z All too often the police do not get the right person Wrongful convictions are framed as mistakes or failures of the justice system However many of the wrongfully convicted are from among the poor and visible minority groups The law then becomes an ideological mask relieving us of the responsibility of engaging with the real issues that underscore wrongful convictions MaDonna Maidment illustrates how the desire to get a conviction and paint the police and the courts in a positive light often means that false evidence and court decisions based on prejudice and racism lead to innocent people being convicted The official version of the law says Maidment despite its claims of impartiality neutrality and objectivity is a tool of the state and its elite club members designed to maintain the illegitimate domination of society Turning back to the very system that got it wrong in the first place therefore should be a non starter

**The Vow** K. T. Roberts, 2020-10-27 Two can keep a secret but only if one dies With NYPD's finest on the hunt to find who killed one of their own the newly promoted Jessie Kensington won't stop until she finds her best friend's killer even pushing her wedding plans aside Convalescing after being shot during a hostage situation Jessie's partner Zach Gerard is doing whatever he can to help her solve this crime because he knows she won't focus on their wedding if he doesn't When the case appears to be at a dead end Jessie remembers Maureen's compulsion for detail and the nagging feeling that tells her she's missed something A late night visit to the crime scene reveals a carefully constructed chess like sequence of clues left behind in the dangerous game Maureen played that is so devastating it will leave her community of brothers and sisters reeling Now the focus is on discovering where those clues lead even if it means putting her own life at risk

**Advocating Transitional Justice in Africa** Jasmina Brankovic, Hugo van der Merwe, 2018-01-30 This edited volume examines the role of local civil society in shaping understandings and processes of transitional justice in Africa a nursery of transitional justice ideas for well over two decades It brings together practitioners and scholars with intimate knowledge of these processes to evaluate the agendas and strategies of local civil society and offers an opportunity to reflect on lessons learnt along the way The contributors focus on the evolution and effectiveness of transitional justice interventions providing a glimpse into the motivations and inner workings of major civil society actors The book presents an African perspective on transitional justice through a compilation of country specific and thematic analyses of agenda setting and lobbying efforts It offers insights into state civil society relations on the continent which shape these agendas The chapters present case studies from Southern Central East West and North Africa and a range of moments and types of transition In addition to historical perspective the chapters provide fresh and up to date analyses of ongoing transitional justice efforts that are key to defining the future of how the field is understood globally in theory and in practice Endorsements This great volume of written work Advocating Transitional Justice in Africa The Role of Civil Society does what virtually no other labor of the intellect has done heretofore Authored by movement activists and thinkers in the fields of human rights and transitional justice the volume wrestles with

the complex place and roles of transitional justice in the project of societal reconstruction in Africa This volume will serve as a timely and thought provoking guide for activists thinkers and policy makers as well as students of transitional justice interested in the tension between the universal and the particular in the arduous struggle for liberation Often civil society actors in Africa have been accused of consuming the ideas of others but not producing enough of their own This volume makes clear the spuriousness of this claim and firmly plants an African flag in the field of ideas Makau Mutua

**Afghanistan and International Relations** William Maley, Ali Yawar Adili, Paul Lushenko, 2025-08-19 This book explores various dimensions of recent international relations scholarship taking the case of Afghanistan as a point of departure for discussion of these different themes Contributors investigate a broad range of topics including international relations theory the nature of global order othering discourses diplomacy international law the transformation of war terrorism gender politics social media state building democratisation refugee movements globalisation and historical lessons The Afghanistan case helps illuminate the complexities of all these areas of analysis and the book takes the analysis of Afghanistan in new directions Theoretically the authors interrogate the Afghanistan case's implications for international relations and vice versa by integrating multiple and complementary global or structural state or institutional and behaviouralist or leader centric lenses Conceptually the chapters bridge the gap between theory and practice thus reflecting the emergence of a problem oriented approach to international relations scholarship Methodologically the research design employed by the authors is best characterised as analytical eclecticism The majority of contributors originate from Afghanistan something which again makes this book notable and all three editors have extensive experience from time spent in Afghanistan Using the Afghan case to explicate the importance of the relevance of theory and its related concepts to international relations studies this book will be of interest to researchers in the field of international relations Asian and Middle East Studies

**Theology and the Political**, 2020-11-04 Theology and the Political Theological Reflections on Contemporary Politics in Ecumenical Conversation edited by Alexei Bodrov and Stephen M Garrett is the fruit of Orthodox Catholic and Protestant conversations from East and West concerning the retrieval of theological discourse for political praxis theological structural analysis of secularity post secularity and distinct political engagement from varying Christian traditions that not only offer political critique but criticism of its particular tradition This edited volume is animated by the motif of political action as witness in a missional key and makes a unique interdisciplinary contribution to the field of political theology that invites further reflection on the gospel instantiated in various cultural contexts in light of the boundary crossing nature of mission and theological discourse

*Ainslee's*, 1903

**Hiding in Plain Sight** Eric Stover, Victor Peskin, Alexa Koenig, 2016-04-12 Hiding in Plain Sight tells the story of the global effort to apprehend the world's most wanted fugitives Beginning with the flight of an estimated thirty thousand Nazi war criminals after the Second World War then moving on to the question of justice following the recent Balkan wars and the Rwandan genocide and ending with the establishment of the International Criminal Court and

America's pursuit of suspected terrorists in the aftermath of 9/11 the book explores the range of diplomatic and military strategies both successful and unsuccessful that states and international courts have adopted to pursue and capture war crimes suspects. It is a story fraught with broken promises, backroom politics, ethical dilemmas, and daring escapades, all in the name of international justice and human rights. In this exhaustively researched and compelling written work of political and judicial history, the authors argue that while the legal and operational regimes needed to apprehend and deliver suspected war criminals to justice are largely in place, the political will on the part of states to make arrests happen in a consistent and apolitical manner remains elusive. And until this situation is rectified, murderers will get away with murder and torturers will retire with pensions. Provided by publisher **Rehnquist Justice** Earl M. Maltz, 2003. With seven of its justices appointed by Republican presidents, today's Supreme Court has significantly altered America's legal landscape since 1986 by tilting constitutional jurisprudence to the right. That was the goal of Presidents Reagan and Bush in filling court vacancies and has been felt in cases related to federalism, economic rights, and affirmative action. However, liberal issues such as abortion have moved only marginally to the right, while rulings by the Court on school prayer and gay rights have moved constitutional doctrine slightly to the left. In this collection of original articles, prominent constitutional scholars are joined by new voices from the cutting edge of academia to subject the Rehnquist Court to closer scrutiny and to show that its brand of conservatism is less extreme than many have supposed. Reflecting views across the political spectrum, the contributors help readers understand the Court dynamic, its constrained conservatism, and the forces that shape constitutional law in general. As these authors show, the overall pattern of decision making in the Rehnquist era cannot be attributed to any single unified approach to constitutional analysis. Instead, today's Court can only be understood as the product of a complex interaction among individual justices, each with an idiosyncratic view of the proper interpretation of the Constitution and the role of the Court in the American political system. These provocative essays are designed to provide readers with insight into this interaction by focusing on each member of the bench. From the staunch conservatism of Clarence Thomas to the accommodationism of Sandra Day O'Connor to the liberal constitutionalism of David Souter, the essays analyze the unique approach of each justice to interpreting the Constitution. They also show that the current justices are the product of a nomination and confirmation process that has undergone a major transformation in recent decades, one which favors experienced, often unknown jurists over high-profile public servants. By concentrating attention on its members, **Rehnquist Justice** allows us to better understand the Supreme Court as a whole. And by assessing today's judiciary in light of a public philosophy that looks askance at government, it shows us that the Supreme Court has truly become a mirror of its times.

**Estock V. Lane**, 1987 **Hoosier Banker**, 1923 *Rwanda*, 2004. For the full significance of the national and international commemoration of the 1994 genocide in Rwanda on 7 April 2004 to be realized, African Rights believes we must all focus our thoughts upon the ongoing needs of genocide survivors and make firm commitments to their welfare and
