## **Federalism And Political Performance:**

Federalism and Political Performance Ute Wachendorfer-Schmidt, 2000 Federalism and Political Performance compares the political performance of federal and non federal states and evaluates the impact of different types of federation The contributors draw together focused case studies to illustrate their arguments on a wide range of countries including Russia India Spain Germany Switzerland Australia and Canada A thorough and authoritative volume and a valuable resource for students and scholars of Comparative Politics

Towards a Federal Europe Alexander H. Trechsel, 2013-09-13 An excellent new analysis of federalism and the EU that investigates their mutual impact It shows how scholars of comparative politics increasingly include the EU among their cases when investigating the impact of federalism on key issues such as policy making The last decade saw a new wave of scholarly publications hit the shores as research on federalism and on the EU came together These emerging strands of research genuinely enrich our understanding of the EU and its politics Despite this recent wave the topic of federalism and the EU is still extremely fruitful This volume contributes to the continuing debate at a moment in time when the EU is undergoing profound changes It is structured around four interrelated dimensions the constitutional theoretical dimension the institutional vision the party citizens dimension the policy dimension This structure allows the reader to consecutively funnel down from the more theoretical and abstract levels to the more concrete policy oriented level

*Fiscal Policies in Federal States* Dietmar Braun, 2018-02-06 This title was first published in 2003 Investigating the impact of federal structure on fiscal policy making in four country cases this book answers the question as to what extent federal structures hinder or on the contrary enhance a state s decision and co ordination capacity in the field of fiscal policy It questions the common assumption that federal structures restrain the co ordination and hence macroeconomic management capacity Well documented and meticulously presented this book will be useful for all those working in the field of policy research and more generally for those who wish not only to attain a deeper and more comprehensive view on fiscal policy making or federalism but on the territorial dimension of fiscal policy

**Legislatures in Federal Systems and Multi-level-governance** International Association of Centers for Federal Studies. Conference, 2010 The contributions in this book analyze the role of parliamentary assemblies in various federal systems They deal with national parliaments Second Chambers regional parliaments and the special role and functions of parliaments in Multi Level Governance such as the EU **Comparing Federal Systems** Ronald Lampman Watts, 2008 Countries studied include the United States Switzerland Australia Austria and Germany as examples of developed industrial societies India and Malaysia as examples of multilingual and multicultural federations Belgium and Spain as examples of emerging federal systems that illustrate bicomunal and asymmetrical approaches and Czechoslovakia and Pakistan as examples of bicomunal federations that have failed Watts compares the interaction of social diversity and political

institutions distribution of powers and finances processes contributing to flexibility or rigidity in adjustment extent of internal symmetry or asymmetry degree of centralization and decentralization character of representation in federal institutions role of constitutions and courts provisions for constitutional rights and secession and pathology in federations

**Policy Making in Multilevel Systems** Jan Biela, Annika Hennl, André Kaiser, 2024-10-31 Does the territorial state organisation matter for effective policy making and if so in what way So far we know relatively little about its effects on policy making and policy outputs Starting from the hypothesis that decentralised policy making has positive effects whereas federalism has a slightly negative impact on policy performance this book systematically tests the independent and interdependent effects of different combinations of federal unitary and decentralised centralised structures of decision making and implementation Based on a mixed methods design it first quantitatively tests the relationships for the OECD countries in cross sectional as well as panel designs In a second step qualitative case studies are conducted for four countries federal centralised Austria federal decentralised Switzerland unitary decentralised Denmark and unitary centralised Ireland The authors study two space related policy areas both with regard to the decision making and the implementation stage of the policy making process regional policy and transport policy

**The Political Economy of Fiscal Decentralization** Sandra León-Alfonso, 2007 Aquesta publicació analitza la descentralització fiscal amb especial atenció al cas espanyol des d'una perspectiva econòmica i política

**The Politics of Interaction in Innovation Systems** Thomas Stehnen, 2010 Despite its recent economic success Brazil's innovative capacity is rather low compared to other world regions This study reveals the obstacles to effective policy making and presents a detailed descriptive analysis of the Brazilian multi actor innovation policy arena and the power relations within the multi level governance structures Book Jacket

**The Theories of Decentralization and Local Government** Kwame Badu Antwi-Boasiako, Peter Csanyi, 2014 Theories of Decentralization and Local Government brings fresh perspective to the debate and comparative analysis of vertical division of power i.e. processes of decentralization and relations between central and local self governments The multiple author book is not just one of many similar around the globe as it encompasses contributions from many different academics from not only different countries but also different continents and even more importantly very different political traditions and cultures This way the book deepens and strengthens knowledge of the role of local governments in the contemporary world and brings new value to discussions on the relationship between decentralization and development Contributors include Ahmed Mustafa Elhoussein Mansour Hong Pang Abdulfattah Yaghi Jose Neftali Recinos Gariela Miranda Recinos Lee Payne Heather Wyatt Nichol Ed Gibson James Newman Kwame Asamoah Minerva Cruz and Alexandra Tsvetkova

**The Political Economy of Functional Federalism** Geiguen Shin, 2013 While many studies have focused on the ability of state governments on state economic performance this study investigates how exogenous factor in American federalism in particular the functional responsibility of federal

government on redistributive programs characterizes state economic performance This study focuses on three substantial subjects 1 the reason why the federal government invests more on welfare programs 2 the impact of federal welfare policy on state economic development policy innovation and 3 the effect of major federal welfare programs on state economic performance such as economic growth and stability The results suggest that federal welfare expenditures allocated to states affect state economic performance directly and indirectly While federal spending on welfare areas stimulates state economic performance directly it influences state economic performance indirectly through the positive association with state economic development policy innovation The central implication of this finding is that the federal government helps states engage in a new economic development policy through the financial assistance that they receive in redistributive areas and then the consequence of innovative economic development policy adopted by states will yield better regional economic performance
