## **English Spirit Steiner:**

**The English Spirit** Doris Eveline Faulkner Jones, 1982 This thoughtful book originally published in 1935 explores the qualities of the English people in relation to other European peoples With many examples from Shakespeare Wordsworth Tennyson and other great English authors Rudolf Steiner, Fragment of a Spiritual Biography Sergei O. Prokofieff, 2020-11-16 Underlying Sergei O Prokofieff s life s work was a fundamental research theme to which he returned to repeatedly the individuality of Rudolf Steiner as manifested through his past incarnations on Earth Beginning in 1982 inspired by a visit to an exhibition on The Epic of Gilgamesh Prokofieff planned a full scale spiritual biography with the intention of finding an answer to the question Who is Rudolf Steiner In a sequence of five past incarnations as indicated by Steiner himself and culminating in the life of Rudolf Steiner Prokofieff searched for the inner thread between the six stages of this great all encompassing life His intention was to find not only the outer connections in this sequence but also the deeper more esoteric stream that offers the key to the unique significance of this individuality In 1984 Prokofieff began to write the first chapter about Rudolf Steiner s incarnation as Enkidu in Sumer Sadly many obstacles in his path were to prevent him finalising the project However the author returned to the book in his final months preparing a Preface that outlines its conception together with a summary chapter on Rudolf Steiner s evolutionary journey This precious fragment of a biography features valuable additional material including a full introduction to the relationship of the anthroposophical movement to other occult streams of esoteric Christianity and their Masters a detailed spiritual scientific interpretation of the Epic of Gilgamesh that establishes Rudolf Steiner s connection with the being of Jesus of Nazareth and an exploration of Steiner s relationship to the Nathan soul the Luke Jesus child Serious students of anthroposophy will welcome these final writings from the pen of one of Rudolf Steiner s most faithful and insightful disciples **The 7 Concepts Constitution** Rick Loll, 2023-09-23 A new International Constitution with over 550 rights and subconcepts Complete with 7 Administration types where everyone can give a petition or be a President everyday The first LGBTQIA tolerant Constitution and Philosophy to advance any knowledge or solve any social advancement Critical thinking is advised Included are the original version 1 0 from 1999 Appendixes are public domain and annotated for reference only **Educating the Soul** Josie Alwyn, Brien Masters, 2016-04-25 The power of Shakespeare lies in his evidently conscious knowledge skill and understanding of how to work with the alchemical potential in the human soul in the crafting of his plays Each play is made as an exquisitely unique transformative device for the education of the soul Books carry on conversations across the thresholds of time and space writes Josie Alwyn in her introduction This book is the fruit of her conversation with Brien Masters a collaboration that began more than twenty years ago when she was learning to be a Waldorf teacher They open their discussions with the broader theme of the role and mission of drama in human development before focusing on the central topic the potential for metamorphosis inherent in Shakespeare s plays This creative birth giving transformative essence of Shakespeare the esoteric

core of his work is vitally important to our times they suggest and contributes to the ongoing cultural education of the human soul Published to commemorate the 400th anniversary of Shakespeare s death Educating the Soul offers an overview of Shakespeare s journey as a playwright in the context of evolving human consciousness The heart of the book features nine essays on Shakespeare s most performed plays Just as the middle act of a Shakespearian drama gives a point of transformation so these essays represent the central unfolding dialogue that took place between the writers as the book developed This section is followed by an in depth study of Hamlet that sees the story as a learning process deeply strengthened by the primary character s own education and changing consciousness Finally the book explores the theme of transformation through The Tempest and in relation to the archetypal tree of life Accessible to all the motifs of the various chapters in this book are woven lightly together enabling the reader to follow the contents in sequence or to dip in and pick up the threads at any point

**The Mystery of the Earth** Peter Selg,2021-07-06 Rudolf Steiner himself did not just comment critically about the out of hand fear of bacilli or the obsession with hygiene as modern superstition but also warned about the dangerous reality of pathogens of the worst kind that could become destroyers of human life and bring with dreadful epidemics Peter Selg This volume written by Peter Selg between Easter and Pentecost 2020 gathers a collection of essays on the medical sociopolitical and spiritual dimensions of the Covid crisis He offers these essays as a means of orientation and explorations in Paul Celan s meaning The author emphasizes in his preface however that representatives of Anthroposophy nevertheless have an obligation to speak out on the subject If they silence or censor themselves because they do not want to seem in any way negative as a result of their critical reflections or because even before corona they quickly became the target of various accusations they lose nothing less than the justification for their existence their inner identity and credibility as well as their historical conscience the crucial meaning of which Rudolf Steiner pointed to time and again and not without reason This book was originally published in German as *Mysterium der Erde Aufstz zur Corona Zeit* Verlag des Ita Wegman Instituts Arlesheim Switzerland 2020 An earlier English translation of the essay *A Medicalized Society* translated by Thomas O Keefe and Charles Gunn first appeared in *Deepening Anthroposophy* no 9 1 that translation has been revised for this volume

*The Destiny of the Michael Community* Peter Selg,2014-03-15 In two related studies Peter Selg tracks the groundbreaking of the first Goetheanum on September 20 1913 in the context of what is known as the Michael movement the primary active impulse brought by Rudolf Steiner in 1924 which explicitly indicates the anthroposophic movement and its official society The author shows the fundamental importance of this beginning in Dornach He illuminates the fateful goal of the School for Spiritual Science through Rudolf Steiner s karma lectures not only providentially in the sense that it involved individualities but also with regard to the future development of human civilization This monograph builds on Peter Selg s book *Rudolf Steiner s Foundation Stone Meditation And the Destruction of the Twentieth Century* and Sergei O Prokofieff s *Rudolf Steiner s Sculptural Group A Revelation of the Spiritual Purpose of Humanity and the Earth*
