Mending The Past & Healing The Future With Soul Retrieval Alberto Villoldo, Ph.D., 2006-05-01 While everyone has a future Alberto Villoldo says only certain people have a destiny This work shows you how to find and manifest yours and when you do you'll find that your life will never be the same In this fascinating book by psychologist and medical anthropologist Alberto Villoldo he discusses ways in which you can heal yourself and your loved ones by employing practices used by shamans of the Americas which until now have been inaccessible to most of the world The shamans of old called this powerful process journeying Within these pages you'll discover that you have a four chambered soul in the same way you have a four chambered heart In the first chamber you've stored away the memory of a wound that derailed your destiny In the second you've kept the limiting beliefs and soul contracts that you entered into at the time of your loss However in the third chamber you can recover the grace and trust that will make you whole again and in the fourth you'll be able to remember the calling that is your very purpose for being alive Using several myths and legends from around the world along with stories from his real life clients Villoldo shares how heroes have journeyed over time to recover their lost souls and find their destinies The practices of soul retrieval and destiny retrieval are also described in rich practical detail illustrating how you can become your own shaman and accomplish in a few sessions of journeying what can take years to do in a psychological setting The book also explains how time is like a river that courses lazily to the sea and on which most are content to drift along but that deep under its surface is a stream that leads both back to its source and forward to infinity It describes how ancient seers known as the Laika learned to navigate these currents of time the time lines thus teaching you how to find and travel along your own time lines to your unique individual destiny
