

MY LIFE PRINCIPLES

Six fundamental principles that always fill my personal and professional life with joy, pleasure and satisfaction

1 **Do the right thing, always**

This is my first model of a joyful life, explained to me by a senior school friend. ***If you do this, you will never regret anything from the past***, career choices, business decisions or personal relationships. It takes a lot of courage, but you will have a contented heart all the time.

2 **Create value for others**

"Your value" is directly proportional to the value you create for others. Measure your actions by how much they benefit others, whether it is a business meeting, a family dinner, or social media post. ***Always serve the people around you.***

3 **Embrace imperfection**

There is no perfect time to launch a product, start a business, pursue a degree, or change career. You will never have perfect information to make important decisions. ***Embrace imperfection, "good enough" is much better than "perfect".***

4 **Be generous to people**

Be generous in your praise of people, in sharing credit, in kindness, in forgiving, in giving favors. Be a giver. Be generous with people who disagree with you. Giving favors is the best investment for your career and your personal life.

5 **Simplify everything**

Complexity is the biggest enemy at work, home, in relationships, and with friends. ***Be simple, do simple things, have simple ideas, simplify things for people.*** Be single threaded to improve productivity. Use images, diagrams, and analogies to explain complex things.

6 **Overcome fear of failure**

Fear of failure keeps people from achieving great things and miss career opportunities. Fail; if you have not failed in a long time, you have very likely missed many opportunities. Overcome the fear of failure, you don't have to prove anything to anyone. ***Abandon your comfort zone.***
