K. Bouwsma,1965-01-01 The essays in this collection are not confined to any one period or any one subject Nearly every one in the author s words is an attempt to understand some short passage from the work of some philosopher teasing the passage with analogies of sense If one were to describe the method as Descartes described his method the method of doubt perhaps it might best be described as the method of failure Fable, Method, and Imagination in Descartes James Griffith,2018-01-09 What role do fables play in Cartesian method and psychology By looking at Descartes use of fables James Griffith suggests there is a fabular logic that runs to the heart of Descartes philosophy First focusing on *The World and the Discourse on Method* this volume shows that by writing in fable form Descartes allowed his readers to break from Scholastic methods of philosophizing With this fable structure or logic in mind the book reexamines the relationship between analysis synthesis and inexact sciences between metaphysics and ethico political life and between the imagination the will and the passions *The Clouds* Charles Montagu Doughty,1912 Cartesian Poetics Andrea Gadberry,2022-12-22 What is thinking What does it feel like What is it good for Andrea Gadberry looks for answers to these questions in the philosophy of Ren Descartes and finds them in the philosopher s implicit poetics Gadberry argues that Descartes s thought was crucially enabled by poetry and shows how markers of poetic genres from love lyric and elegy to the puzzling forms of the riddle and the anagram betray an impassioned negotiation with the difficulties of thought and its limits Where others have seen Cartesian philosophy as a triumph of reason Gadberry reveals that the philosopher accused of having slashed poetry s throat instead enlisted poetic form to contain thought s frustrations Gadberry s approach to seventeenth century writings poses questions urgent for the twenty first Bringing literature and philosophy into rich dialogue Gadberry centers close reading as a method uniquely equipped to manage skepticism tolerate critical ambivalence and detect feeling in philosophy Helping us read classic moments of philosophical argumentation in a new light this elegant study also expands outward to redefine thinking in light of its poetic formations **Arguing About Knowledge** Duncan Pritchard,Ram Neta,2020-07-24 What is

knowledge What are the sources of knowledge What is the value of knowledge What can we know Arguing About Knowledge offers a fresh and engaging perspective on the theory of knowledge This comprehensive and imaginative selection of readings examines the subject in an unorthodox and entertaining manner whilst covering the fundamentals of the theory of knowledge It includes classic and contemporary pieces from the most influential philosophers from Descartes Russell Quine and G E Moore to Richard Feldman Edward Craig Gilbert Harman and Roderick Chisholm In addition students will find fascinating alternative pieces from literary and popular work such as Lewis Carroll Jorges Luis Borges and Paul Boghossian Each article selected is clear interesting and free from unnecessary jargon The editors provide lucid introductions to each section in which they give an overview of the debate and outline the arguments of the papers Arguing About Knowledge is an inventive and stimulating reader for students new to the theory of knowledge *Toward a New Sensibility* O. K.

Bouwsma,1982-01-01 O K Bouwsma one of America s foremost Wittgensteinians was also an extraordinarily dedicated and effective teacher The present collection assembled posthumously from his papers includes twelve essays all but one previously unpublished and all characterized by the humor common sense and wisdom that marked his classroom lectures Ranging in subject matter from topics in Wittgenstein to Descartes to aesthetics the pieces all show the influence of Wittgenstein Some of the questions they raise deal with the traditional and historical background of twentieth century philosophy Am I dreaming Is what I see real Are there material objects while others relate to considerations peculiar to thinkers today for example What is Wittgenstein doing in his writing What does philosophy have to do with language Bouwsma wants first to understand the philosophical questions to unknit the knitted eyebrows it produces Accordingly his major concern is how we as thinkers readers writers and speakers separate what we understand from what we do not understand hence his consideration in the opening essay of a new sensibility in the matter of our language Always approaching the subject as a practical problem rather than as an abstract theoretical issue these essays demonstrate with patience and wit ways to achieve clarity on puzzles long thought intractable **Mad Dumaresq** Florence Ross-Church,1873 *Superevil. Villains in Silver Age Superhero Comics* Anke Marie Bock,2023-10-18 *Superevil Villains in Silver Age Superhero Comics* sheds light on the often disregarded supervillains in the American superhero comic of the 1960s From Loki to Killmonger they all possess famous cinematic counterparts yet it is their comic origin that this study examines Not only did The Silver Age produce countless superheroes and supervillains who have conquered the screens in the last two decades but it also created complex villains Silver Age supervillains were as the analyses in *Superevil* show the main and only means to include political and societal criticism in a cultural product which suffered from censorship and belittlement Instead of focusing on the superheroes once more Anke Marie Bock pioneers in putting the supervillain as such in the center of the attention In addition to addressing the tendency to neglect villains in superhero comic studies revealing many important functions the supervillains fulfill among them criticizing Cold War politics racism gender roles and the often unquestioned binary of good

and evil on the examples of i a The Fantastic Four Spider Man and Black Panther comics *Fun* ,1884 **The Contemporary Review** ,1901 **Romances** Voltaire,Tobias Smollett,1901 Foucault's Strange Eros Lynne Huffer,2020-06-16 What is the strange eros that haunts Foucault s writing In this deeply original consideration of Foucault s erotic ethics Lynne Huffer provocatively rewrites Foucault as a Sapphic poet She uncovers eros as a mode of thought that erodes the interiority of the thinking subject Focusing on the ethical implications of this mode of thought Huffer shows how Foucault s poetic archival method offers a way to counter the disciplining of speech At the heart of this method is a conception of the archive as Sapphic the past s remains are like Sappho s verses hole ridden scattered and dissolved by time Listening for eros across fragmented texts Huffer stages a series of encounters within an archive of literary and theoretical readings the eroticization of violence in works by Freud and Eve Kosofsky Sedgwick the historicity of madness in the Foucault Derrida debate the afterlives of Foucault s antiprison activism and Monique Wittig s Sapphic materialism Through these encounters Foucault s Strange Eros conceives of ethics as experiments in living that work poetically to make the present strange Crafting fragments that dissolve into Sapphic brackets Huffer performs the ethics she describes in her own practice of experimental writing Foucault s Strange Eros hints at the self hollowing speech of an eros that opens a space for the strange **Republic** ,1876 The Illustrated London News ,1913 Mathura and Bandha ,1902 The Legal Adviser D. W. Strickland,1899 *Bismarck* Moritz Busch,1898
